If the remainder exceeds seventy-eight (78) [eighty-one (81) effective September 1, 2013] hours, the employee will be given credit for a full month.

If the remainder is seventy-eight (78) [eighty-one (81) effective September 1, 2013] hours or less, the employee will not be given credit for the month.

An employee who is transferring from casual to regular employment who previously worked as a regular employee shall be credited with the service, and the vacation, sick leave, severance and special leave benefits and entitlement earned in the previous period or periods of regular employment.

3.05 Employee Working Concurrently for More than One Employer

A regular employee who works concurrently in two (2) or more HEABC member health organizations, by prior arrangement between the Employers, shall receive the benefits provided by the Agreement that the employee would receive if the employee's total hours of work were accumulated with a single Employer.

ARTICLE 4 – MANAGEMENT RIGHTS

4.01 General Rights

The management of the Health Organization is vested exclusively in the Employer. All functions, rights, powers and authority which the Employer has not specifically abridged, delegated or modified by the Agreement are recognized by the Association as being retained by the Employer.

4.02 Direction of Employees

The direction of employees, including the hiring, dismissal, promotion, demotion and transfer of employees, is vested exclusively in the Employer except as may be otherwise specifically provided in this Collective Agreement.

4.03 Employer Rules

Employees shall be governed by rules adopted by the Employer and publicized on notice boards, or by general distribution, provided that such rules are not in conflict with the Agreement.

ARTICLE 5 – UNION RECOGNITION, RIGHTS AND SECURITY

5.01 The Union As Exclusive Bargaining Agent

The Employer recognizes the Association as the exclusive bargaining agent for all employees for whom the Union has been certified as bargaining agent.

5.02 Maintenance of Membership

Employees covered by the Certification who, at the effective date of the Agreement were members of the Union, shall maintain their membership in good standing as a condition of continuing employment.

5.03 Membership of New Or Porting Employees

5.04 Dues Authorization

Employees covered by the Certification shall as a condition of continuing employment authorize deductions from their monthly salary of union dues, or the amount equivalent to dues.

Failure to authorize such deductions shall constitute cause for dismissal.

5.05 Dues Check-off and Initiation Fee

The Employer agrees to the check-off of Union monthly dues and initiation fees and shall remit such dues and fees to the Union within twenty-eight (28) calendar days from the date of deduction. Dues shall be effective from the first day of employment. Monies owing to the Union for dues shall be remitted, where the Employer has the systems support, and where there is no additional cost

to the Employer, through electronic transfer. The following information will be provided for each dues remittance:

(a) Dates for which dues are collected

Name of employee

Name of facility or collective agreement Employer

Unique employee identifier

All dues and fees, with the exception of the initiation fee, shall be expressed and calculated as a percentage of earnings as defined by the Union. The Union shall inform the Employer in writing sixty (60) days in advance of any change in the percentage to be applied against earnings for dues and fees. The effective date of such a change will be the first pay period following the sixty (60) days notice.

The definition of total earnings as defined by the Union may only change once per Collective Agreement year.

The Employer shall supply each employee, without charge, a receipt for income tax purposes shown on the T4 slip in the amount of the deductions paid to the Union by the employee in the previous tax year. Such receipts shall be provided to the employee prior to March 1 of the succeeding year.

5.06 Membership and Dues Authorization Forms

The Employer shall ensure that Application for Membership forms as well as Dues Authorization forms are signed by new employees at the earliest possible date following their commencement of employment.

5.07 Amount of Dues and Fees

The Union(s) shall inform the Employer in writing sixty (60) days in advance of any change in the amount of dues or initiation fees to be deducted from each employee.

5.08 Bargaining Unit Information

(a) The Employer shall provide the Union Head Office and the local Union Steward monthly, with lists of new, resigned and terminated employees, or a system as mutually agreed between the Employer and the Union. The list shall specify whether the employees are regular or casual and the date of their commencement or termination of employment.

(b) On the last date of the payroll period immediately prior to January 31 and July 31 of each calendar year, the Employer shall provide employee seniority lists to the Head Office of each representative Union and post the lists electronically. Such lists will be separated by worksite, and will set out the seniority of all employees at the worksite. Where the system allows, the Employer also shall provide separate lists showing the seniority of all employees within each Union.

Seniority lists shall contain the following information:

(i) employee's first and last name;

(ii) start date;

(iii) job status and posted FTE (regular full-time, regular part-time, casual);

- (iv) classification, wage schedule, wage grid level, and increment step (where the Employer has a consolidated record or where such information can be readily compiled);
 - (v) seniority date (for regular employees) or hours (for casual employees);
 - (vi) job titles;
 - (vii) primary home worksite.
- (c) Where such lists are produced in electronic format, and where the Employer's system allows, the Employer shall provide the seniority lists to the Union in electronic format.

5.09 Union Stewards and Records

- (a) The Union shall advise the Employer in writing of the names of the Union Stewards. The Employer shall not be required to recognize any Steward until it has been so notified.
- (b) The Union Stewards shall be allowed reasonable time while on duty without loss of salary consistent with the operational requirements of the Employer to perform the following duties:
- Investigating complaints of an urgent nature,
 - Investigating, preparing, presenting and processing grievances, under Article 7,
 - Attending meetings with management regarding labour relations
 - Acting as the appointee to labour management committee
 - Accompanying an employee, at their request at a meeting called by the Employer, where disciplinary action is anticipated, consistent with Article 7.02,
 - Meeting with new employees as a group during the orientation program at which the steward shall provide new employees with the name, location and work phone number (if applicable) of the steward, and
 - Supervising ballot boxes and other related functions during ratification votes.

Stewards who attend meetings with management regarding labour relations outside of scheduled work hours shall be paid at straight time rates for time spent at the meetings.

- (c) The Employer will make a reasonable effort to accommodate space for the storage of secure union records.
- (d) In the interest of developing quality labour-management relationships, the parties have agreed to the creation of designated paid union steward positions at the following locations:

Vancouver General Hospital	1.0 FTE
Surrey Memorial Hospital	1.0 FTE
St. Paul's Hospital	1.0 FTE
BC Children's and Women's Hospital	1.0 FTE
Royal Columbian Hospital	0.26 FTE
BCCA – Vancouver Cancer Centre	0.26 FTE
Royal Jubilee Hospital	0.26 FTE
Kelowna General Hospital	0.26 FTE
Abbotsford Regional Hospital	0.26 FTE

For the term of this Agreement, the parties agree that an additional 6.2 FTE of Employer paid steward time will be created with the allocation to be determined by the HSPBA.

In sites not listed above current provisions in relation to paid steward time will continue. The Employer and the Union in each work location may meet to discuss local needs in relation to paid steward time.

The Union shall advise the Employer in writing of the names of the paid union stewards. Paid union stewards will continue to be covered by all provisions of the collective agreement and shall continue to be eligible for additional shifts on the same basis as if they were working in their regular position.

The positions are intended to foster understanding and communication between the parties, reduce workplace differences short of arbitration, and be available when needed to assist on workplace issues.

In the event that either the Employer or the Union have concerns regarding the effectiveness of the working relationship in a particular setting, the parties will meet to discuss the most appropriate means of addressing the issues.

5.10 Union Staff

The Union will inform the Employer whenever any Union Staff or designate intend to visit the Employer's place of business. Such Staff shall be granted access to the Employer's premises upon the prior consent of the Employer, which consent shall not be unreasonably withheld. Such visits will be completed in as short a time as possible so that the normal operation of the Employer will not be unduly disturbed.

5.11 Retention of Benefits

Union leave under the following four (4) sections will be unpaid. The Employer will maintain regular pay and bill the Union for the costs of the employee's salary and benefits. If the Union member is part-time or casual, and the leave is greater than their normal work hours, the Employer will pay the employee for the full length of the leave requested by the Union. The Employer will bill the Union for these days as noted above. The Union will pay these invoices within twenty-eight (28) days. Union leave is not unpaid leave for the purposes of Article 22.02 [i.e. such leave will not affect the employee's benefits, seniority or increment anniversary date].

5.12 Short Term Leave

Members who are LTD trustees and Union stewards or designates may apply in writing to the Employer for short term leaves of absence for; attendance at union conventions, union courses, and union committees.

The employee will give reasonable notice, which will be at least seven (7) days.

The Employer will make every reasonable effort to accommodate such leave, and shall grant it subject to the ability to maintain the operational needs of the department.

With the exception of members of the Union's executive, the Employer is not required to grant more than twenty (20) days LOA per calendar year under this provision.

5.13 Negotiations and Essential Services

The Employer shall grant leaves of absence to members of the Union's negotiating committee and representatives engaged in a process to determine essential services at the Employer's health organization, as required.

The employees involved shall give as much notice as possible.

5.14 Executive Council Member

Members of the Union executive may apply in writing to the Employer for leave of absence to attend to Union business. The employee will give reasonable notice to minimize disruption of the department. The Employer will make every reasonable effort to grant such leave and, except where the employee's absence will significantly limit the operational capabilities of the department, the leave will be granted.

5.15 Union Employment

Union members appointed to a paid position in the Union shall be granted an unpaid leave of absence up to one year and upon at least thirty (30) days notice in writing of the leave request. Union leave of absence in excess of one year may be granted by mutual agreement between the Union head office and the Employer. Such leave of absence shall not be unreasonably denied.

Union members elected to a paid position in the Union shall be granted an unpaid leave of absence for the specific term of their appointment and upon at least thirty (30) days notice in writing of the leave request. Union leave of absence in excess of the specific term may be granted by mutual agreement between the Union head office and the Employer. Such leave of absence shall not be unreasonably denied.

Mutually acceptable arrangements for leaves of absence for full-time elected union members will be made between the Union head office and the employee's Employer.

5.16 Legal Picket Line

During the term of this collective agreement, the Union agrees that there will be no strike and the Employer agrees that there will be no lock out.

Subject to directives issued under provincial labour statutes, if an employee refuses to cross a legal picket line, the employee will be considered absent without pay and it will not be considered a violation of this agreement nor will it be grounds for disciplinary action.

ARTICLE 6 – MEDICAL EXAMINATION, PROBATION, ANNIVERSARY DATE AND SENIORITY

6.01 Medical Examination and Immunization

- (a) An employee may be required by the Employer, at the request of and at the expense of the Employer:
 - (i) To take a medical examination by a physician of the employee's choice.
 - (ii) To take skin tests, x-ray examination, vaccination, inoculation and other immunization (with the exception of a rubella vaccination when the employee is of the opinion that a pregnancy is possible), unless the employee's physician has advised in writing that such a procedure may have an adverse effect on the employee's health.

(b) Expenses for medical examinations will not be borne by the Employer when required in the following situations:

- (i) For proof of illness under Article 19.04.
- (ii) For maternity leave purposes under Article 18.01.

6.02 Probation

A regular full-time employee shall be probationary during the employee's first three (3) calendar months of continuous employment.

The term "3 calendar months" is defined as the period from any given date in one month to the immediately preceding date three (3) months later.

Regular part-time employees will be subject to a probationary period of four hundred and eighty-nine (489) hours worked or six (6) months' work from the date of commencement of work, whichever occurs first.

Casual employees will be subject to a probationary period of four hundred and eighty-nine (489) hours worked or nine (9) months' work from the date of commencement of work, whichever occurs first.

A new employee hired to a department head position shall serve a four (4) calendar month probationary period.

The parties agree that the probationary period shall be utilized by the Employer for the purposes of evaluating new employees in order to determine their overall ability and suitability as employees in their particular position.

Probationary employees shall have the right of grievance and arbitration.

If the Employer dismisses a probationary employee, the employee shall be reinstated if it is shown that the termination was unreasonable.

By mutual agreement in writing between the Union Head Office and the Employer, the probationary period may be extended.

6.03 Anniversary Date

If a regular employee is retained as a regular employee following completion of a probationary period, the initial date of regular employment with the Employer shall be the employee's anniversary date for the purpose of determining benefits and increment anniversary date except as determined in accordance with the portability provisions of this agreement, Article 29.02(c).

6.04 Seniority

The principle of seniority as defined in this Article is recognized by the Employer.

Seniority for a regular employee is defined as the length of the employee's continuous employment (whether full-time or part-time) from the date of commencement of regular employment; plus any seniority accrued, while working as a casual employee of the Employer.

Seniority for regular employees continues to accrue when:

- (1) an employee is on WCB leave;

(2) an employee is on LTD leave; (including the qualifying period).

Seniority for casual employees is defined as the total number of hours worked as a casual by the employee for the Employer, plus calendar time spent (on the basis of a 36 [37.5 effective September 1, 2013] hour work week) as a regular employee.

When a casual employee returns to work after a WCB claim, the employee will be credited with seniority hours based on their relative position on the casual list while receiving Workers' Compensation benefits.

Seniority relates to health organization seniority only (except as modified by 29.02(e), or by mutual agreement between the parties).

6.05 Bargaining Unit Employees in Positions Outside the Bargaining Unit

(a) The following applies to bargaining unit members:

- (i) employed by the Employer in a temporary non-contract position;
- (ii) employed by the Employer in a temporary position in another bargaining unit;
- (iii) on an approved leave of absence while employed as an instructor at a post-secondary educational institution; or
- (iv) on an approved leave of absence to pursue advanced education related to the employee's profession.

(b) An employee accepting a temporary position under (i) or (ii) shall continue to accumulate seniority and shall continue to accumulate service for the purpose of severance, increments and vacation, for the duration of the position, subject to not exceeding the entitlement that would accrue to 1.0 FTE per annum. All other accumulated benefits are frozen as of the date the employee commences in the temporary position.

(c) Sick leave credits accrued while in a temporary position under (i) shall not be subject to cash-in under Article 19.12.

(d) An employee on leave under (iii) and (iv) shall continue to accumulate seniority for the duration of the leave. All other accumulated benefits are frozen as of the date the employee commences the leave (i.e., service for the purpose of severance, increments and vacation shall not accrue).

(e) Temporary positions and leaves under this provision shall not exceed two years except as mutually agreed between the parties.

(f) During the first (90) ninety days in a temporary position under (i) or (ii), an employee who is found to be unsatisfactory or who finds the position to be unsatisfactory shall return to their former position, if available, or a mutually acceptable alternative position.

(g) Upon return from a temporary position or leave, the employee shall return to their former position, if available, or a mutually acceptable alternative position.

(h) The employee shall not pay Union dues during the term of the position or leave.

(i) The Employer will notify the HSPBA of bargaining unit members employed in positions pursuant to (i) and (ii) and shall provide the following:

- (i) name of employee,
- (ii) title of the position, and

(iii) duration of position.

ARTICLE 7 – GRIEVANCE PROCEDURE

7.01 Discussion of Differences

If a difference arises between the Employer and an employee, or between the Employer and the Union, concerning the interpretation, application, operation or any alleged violation of the Agreement, the employee(s) shall continue to work in accordance with the Agreement until the difference is settled.

7.02 Fair Procedures

An employee who is called into a meeting that could reasonably result in a written warning or more serious discipline will be advised of their right to have a steward present.

7.03 Resolution of Differences

The following procedure shall be used for the resolution of differences referred to in 7.01 other than for the dismissal of employees.

Stage 1

An employee with a difference shall discuss it with the employee's immediate supervisor. If a settlement is not reached, the employee shall advise the Union Steward of the difference and write down the details of the grievance on the prescribed form. The grievance form shall be submitted to the grievor's immediate supervisor within 21 calendar days of the date on which the employee first became aware of the difference.

Stage 2

The parties within the Employer's operation shall make every reasonable effort to resolve the difference. If a settlement is not reached, then the grieving party may advance the grievance by notifying the other party in writing within 14 calendar days from the date the grievance was submitted.

Stage 3

The parties, the Union's designate and HEABC, shall make every reasonable effort to resolve the difference. Failing settlement, the Union, the Employer, or HEABC may refer the matter to arbitration within 28 calendar days of the difference being advanced to Stage 3.

7.04 Resolution of Employee Dismissal Disputes

Within twenty-eight (28) calendar days of the occurrence of the dismissal, a written grievance shall be presented to the Administrator or a designated representative. The grievance form shall contain the details of the dispute and will be signed by the grievor.

The dispute shall then be resolved through the procedures outlined in Stage 3 of Article 7.03 – Resolution of Differences.

7.05 Policy Grievance

If a difference relative to the terms of the Agreement arises between the Union and the Employer, and does not directly involve an employee, it shall be resolved through negotiation between the

Health Organization Administrator or their representative, a representative of the Union, and a representative of HEABC. The difference shall be discussed within 14 calendar days of its raising, and if not resolved within 28 calendar days of that date, may be referred to arbitration in accordance with Article 8.

7.06 Time Limits

Time limits at Stages 1, 2, 3, or Sections 7.04 or 7.05 may be extended by the parties involved. However, if a time limit is exceeded without an extension, the grievance shall be deemed to be abandoned, subject to Section 89 of the *Labour Relations Code*.

ARTICLE 8 – ARBITRATION

8.01 Arbitration Principles

- (a) Either party to this Agreement may refer any grievance, dispute or difference unresolved through the procedures in Article 7 to an arbitrator.
- (b) The arbitrator shall have the power to determine whether any matter is arbitrable within the terms of the Agreement and to settle the question to be arbitrated.
- (c) The objects and purposes of this Article are to encourage an open exchange of information in the interest of resolving disputes, and to provide a fair and expeditious resolution of grievances.
- (d) The parties agree to take all reasonable steps to ensure that grievances which are referred to arbitration shall be dealt with without undue delay.
- (e) At least thirty (30) days prior to the date of an arbitration hearing the parties shall meet to disclose fully each party's case and to seek to resolve the grievance.
- (f) Each party will set out for each grievance its understanding of the matter in dispute, including its position on the facts in dispute and the relevant law.
- (g) The parties will seek to narrow the issues of fact and law in dispute, and will conclude agreements on fact to the degree that they can agree.
- (h) The decision of the arbitrator shall be final and binding on both parties.
- (i) The expenses and compensation of the arbitrator shall be shared equally by the parties.
- (j) The Employer shall grant leave without loss of pay to an employee called as a witness by an arbitrator, provided the dispute involves an Employer, and, where operational requirements permit, leave without loss of pay to an employee called as a witness by the Union.

8.02 Full Arbitration Process

- (a) Either party may refer a matter to arbitration under the full arbitration process by notifying the other party of its intent to arbitrate and the arbitrator(s) it proposes from the following list of approved full arbitration process arbitrators:

1. David McPhillips
2. Mark Brown
3. Joan Gordon
4. John Hall

5. Judi Korbin
6. Vince Ready
7. Wayne Moore
8. Colin Taylor
9. John Kinzie
10. Stanley Lanyon

- (b) The recipient of the referral and the notice to arbitrate shall respond within fourteen (14) calendar days regarding the proposed arbitrator(s). If the parties do not reach agreement on an arbitrator within a further thirty (30) calendar days, either party may request the appointment of an arbitrator pursuant to Section 86 of the *Labour Relations Code*.
- (c) The parties recognize the importance of the timely resolution of matters referred to full arbitration and accordingly agree to strictly adhere to the timelines set out in Article 8.02(b).

8.03 Employee Dismissal/Suspension Fast-Track Arbitration Process

- (a) The parties recognize the need for timely and efficient resolution to disputes arising from employee dismissals or suspensions for five (5) days or longer, and to utilize arbitrators who are approved by the parties to resolve and adjudicate such disputes. Grievances pertaining to such disputes that remain unresolved following the Stage 3 grievance meeting may be referred to fast-track arbitration process. Upon receipt of either party's notification of such a referral, HEABC and the Union shall select an arbitrator on a rotational basis from the following list of approved fast-track arbitrators:
1. Judi Korbin
 2. Mark Brown
 3. David McPhillips
 4. Joan McEwen
 5. Wayne Moore
- (b) Unless the parties agree otherwise, the fast-track arbitration process shall consist of two stages:
1. a mediation and case management session conducted by the fast-track arbitrator; and
 2. where required, a hearing of the merits conducted by the fast-track arbitrator.
- (c) The fast-track arbitrator shall commence a mediation and case management session within thirty (30) days of notification of their appointment. If an arbitrator who would otherwise be appointed on a rotational basis is not available to commence the mediation and case management session within thirty (30) days, the parties shall select the next fast-track arbitrator from the list who is available to do so.
- (d) If the parties are unable to resolve the dispute during the mediation and case management session:
1. a hearing of the merits shall commence within thirty (30) days of the completion of the mediation and case management session; and

2. the fast-track arbitrator may direct the parties to take reasonable steps as specified by the arbitrator to expedite the hearing of the merits.
- (e) It is understood that it is not the intention of HEABC and the Association to refer disputes arising from employee dismissals or suspensions for five (5) days or longer to expedited arbitration under Section 104 of the *Labour Relations Code*.

8.04 Expedited Arbitration Process

- (a) Any grievance is eligible to be referred by a Union or an Employer to the expedited arbitration process described below unless the grievance:
1. concerns a dismissal;
 2. concerns a rejection on probation;
 3. is a policy grievance;
 4. requires interpretation of the collective agreement;
 5. requires presentation of extrinsic evidence;
 6. is expected to produce a preliminary objection unrelated to the eligibility or suitability for expedited arbitration;
 7. concerns classification matters; or
 8. is determined to be otherwise unsuitable for expedited arbitration.
- (b) Any objection to a grievance's eligibility for expedited arbitration will be decided by the expedited arbitrator selected to hear the grievance. If they determine that the grievance is not eligible for expedited arbitration it may be heard by another arbitrator under the full arbitration process set out in Article 8.02.
- (c) The expedited arbitrators shall be selected on a rotational basis from the following list:
1. Judi Korbin
 2. Mark Brown
 3. Stanley Lanyon
 4. Corinn Bell
 5. Julie Nichols
- (d) The expedited arbitrator shall commence the hearing within thirty (30) days of notification of their appointment. If an expedited arbitrator who would otherwise be appointed on a rotating basis is not available to commence an expedited arbitration within the thirty (30) days, the parties shall select the next arbitrator from the list who is available to commence an expedited arbitration within thirty (30) days.
- (e) The above named expedited arbitrators shall be used on a rotational basis at each Health Authority/Health Organization.
- (f) As the expedited arbitration process is intended to be informal, outside legal counsel will not be used to represent either party. Employers may use HEABC staff to represent them.
- (g) All presentations are to be short and concise and are to include a comprehensive opening statement. The parties agree to make limited use of authorities during their presentations.

- (h) Prior to rendering a decision, the expedited arbitrator may assist the parties in mediating a resolution to the grievance.
- (i) If mediation fails, or is not appropriate, a decision shall be rendered as contemplated herein.
- (j) The decision of the expedited arbitrator is to be completed on the agreed to form and mailed to the parties within seven (7) days of the hearing.
- (k) All decisions of the expedited arbitrators are to be limited in application to that particular dispute and are without prejudice. These decisions shall have no precedential value and shall not be referred to by either party in any subsequent proceeding.
- (l) All settlements of matters referred to expedited arbitration shall be without prejudice.
- (m) It is understood that it is not the intention of either party to appeal a decision of an expedited arbitration.

ARTICLE 9 – VACANCY POSTING

9.01 The Employer agrees that when a vacancy occurs for a position covered by the union certification, the Employer will give union members in the Health Organization first consideration in filling a vacancy. Where first considered applicants are not appointed to a vacancy, they will be given a verbal explanation as to why their application has not been accepted, if the employee so requests.

The Employer may implement electronic job postings and employee application for job posting in place of or in conjunction with paper posting.

9.02 The Employer will post notice of vacancies for positions covered by the union certification. The notice will be posted, where employees can see it, for at least ten (10) calendar days before the closing of the competition.

The Employer agrees to post notice of temporary vacancies of four (4) months duration or longer. A regular employee who bids into the vacancy will revert to their previous position on the expiry of the temporary vacancy. A casual employee who bids into the vacancy will have their status changed to regular for the duration of the vacancy and will revert to casual status on the expiry of the temporary vacancy.

The notice of vacancy will provide the following information:

- a summary of the duties including the intended work assignment and worksite
- commencement date
- required qualifications
- classification/salary grid level
- full-time or part-time
- hours of work

In the case of temporary positions of four (4) months' duration or longer, the notice will include the expected duration of the position.

9.03 The Employer will accept an application for an anticipated posting(s) from an employee who may be temporarily absent from their normal place of employment. The employee must be available for an interview within seven (7) calendar days following the closing of the competition

or by the time the schedule of interviews for other internal candidates is complete. This provision is not intended to permit standing applications.

9.04 A copy of the posted notice will be sent to the Union representative or their designate within the aforementioned ten (10) calendar days.

9.05 Upon selection of a successful candidate to fill a vacancy, the Employer will post the name(s) of the successful candidate(s) within seven (7) calendar days of making the appointment, and provide the Union representative with a copy of the posting.

9.06 Health Science Professional positions will be filled by Health Science Professional personnel.

9.07 The following changes to the status or scheduling of a position create a requirement to post under section 9.01:

a change in status between full-time and part-time, or

a change in scheduled hours of more than 7.5 hours per week within a twenty-four (24) month period from the date of such change, or

a change in assigned permanent shift (i.e. days, evenings, nights).

If the incumbent does not apply or applies and is not appointed then the employee can exercise rights under Article 10.05.

The Employer will consider the impact of the proposed change on the incumbent before making a change in status or a significant change in hours of work.

(This article may be impacted by the *Health and Social Services Delivery Improvement Act*.)

ARTICLE 10 – PROMOTION, DEMOTION, TRANSFER OR LAY-OFF

10.01 Application of Seniority

- (a) In the promotion, demotion, transfer or lay-off of employees, in respect of Grade 1 positions, capability, performance, qualifications, and seniority shall be the determining factors.
- (b) In the promotion, demotion, transfer or lay-off of employees, in respect of positions other than Grade 1, capability, performance and qualifications shall be the primary consideration. When such factors are equal between employees, seniority shall be the determining factor.

10.02 Promotional Increase

A promoted employee will receive the lowest step in the new increment structure which results in a minimum monthly increase of: \$82 if the position is one grade higher; \$104 if the position is two grades higher; and so on (increasing by \$22 for each grade). The maximum rate of the new increment structure will not be exceeded because of the application of this provision.

A promotion does not change an employee's increment anniversary date.

Notwithstanding the above, if an employee is promoted and placement in the new increment structure would result in a rate of pay less than that which would have been received had the promotion been to an intervening grade (e.g.: If an employee at Grade I is promoted to Grade III

the intervening Grade would be Grade II) then the employee will be moved to the next higher increment in the new increment structure and the employee's increment anniversary date will become the date of promotion.

10.03 Relieved of Promotion or Transfer

An employee who requests to be relieved of a transfer or promotion within the first ninety (90) days in the new job shall be returned to the employee's former job or a mutually acceptable alternative position without loss of seniority and benefits.

For the first three (3) calendar months in a new position a promoted employee shall be qualifying in that position and if unsatisfactory shall be returned to the employee's previous classification and salary structure without loss of seniority and benefits. In the case of an employee promoted to a department head position, the time period will be four (4) calendar months.

Where an employee is returning to their former position, the Employer will inform the affected employee currently in the position as soon as practicable.

10.04 Demotion

(a) Voluntary Demotion

An employee requesting a voluntary demotion from a higher rated position and who is subsequently demoted to the lower rated position, shall be paid on the increment step of the lower rated position salary structure equivalent to the step the employee would have attained had the promotion not occurred. A voluntary demotion will not change an employee's increment anniversary date.

(b) Involuntary Demotion

An employee assigned to a lower rated position shall continue to be paid at the employee's current rate of pay until the rate of pay in the new position equals or exceeds it.

10.05 Displacement and Bumping Process

For the purposes of this article:

Comparable is defined as same status (i.e. Full-time to Full-time or Part-time to Part-time). For part-time positions it means within 0.2 FTE (plus or minus) of the regularly scheduled hours for their former position.

(a) Layoff in Reverse Order of Seniority

(See Memorandum of Agreement – Article 19.14 – Leave – Workers' Compensation – Entitlement to Leave.)

(b) Reimbursement to Employer

The employee shall pay to the Employer any amount received for loss of wages (time loss benefits, vocational rehabilitation allowances paid as wage loss equivalency, and pension based on a total loss of earnings) in settlement of any claim. 28.03 Call-Back Definition

Call-backs are only warranted when the work requested is of an emergent or urgent nature (Reference Letter of Understanding re: Improving Quality and Safety Through the Appropriate use of On-call and Call-backs). An employee may not refuse work on the basis that they believe it does not conform with this definition.

If an employee or a group of employees believes a pattern or recurring incidents of unwarranted call-back occurred, the employee(s) shall be provided the opportunity to report such incidents to the Employer without reprisal.

The employee or group of employees may request a meeting to discuss the pattern or recurring incidents of unwarranted call-back. Such meeting will occur within 30 days of the request and will include a designate of the Employer in a position to effect a resolution. Upon request by the employee(s), a steward will be invited to attend. The grievance and arbitration process shall not be utilized to determine whether call-backs are of an emergent or urgent nature.

If an Employer has established a specific reporting process for improper use of call-back, the employee will report in accordance with the Employer's practice and policy, regardless of whether the matter is reported in accordance with this Article.

An employee is entitled to the call-back pay provided by Article 28.02 for each separate call-back.

A separate call-back is defined as:

- (a) a call-back separated by a period exceeding two (2) hours from the commencement of a preceding call-back, or
- (b) a call-back occurring within two (2) hours from the commencement of a preceding call-back, but received by the employee after the employee has completed the emergency procedure(s) for which the preceding call-back was made and after the employee has left the Facility.

A call-back occurring and work is commenced on same within two (2) hours after a preceding call-back and received by the employee before the employee has left the Facility upon completion of the procedure(s) for which the preceding call-back was made, shall not be deemed to be a separate call-back and the employee shall be paid in accordance with Article 28.02.

Upon completion of the procedure(s) for which the call-back was made, the employee will not be required to perform non-emergency procedures in order to fill out a two (2) hour period.

28.04 Call-Back Travel Allowance

An employee called back shall receive an allowance equal to the maximum allowable per kilometer rate under the Canada Revenue Agency automobile allowance rates as adjusted from time to time. Each transportation allowance will be paid with a minimum of four dollars (\$4.00) for each round trip, or taxi fare.

28.05 Statutory Requirement

Any employee, except those covered by Article 28.02 reporting for work at the call of the Employer and then no work is provided, shall nevertheless receive two (2) hours pay for so reporting, or in

the case where an employee has commenced work the employee shall receive a minimum of four (4) hours pay.

28.06 Insufficient Off-Duty Hours

If an employee is required to work overtime, or answer call-backs, and does not receive a total of eight (8) consecutive hours off duty between ten (10) pm and the commencement of the employee's next shift, then the employee will not be required to report for duty until the employee has received a total of eight (8) consecutive hours off duty. In such instances no deduction will be made in the employee's daily pay and the employee's normal shift hours will not be extended to have the employee work a full shift.

The employee in the above situation will advise their Supervisor in advance of the fact that they will not be reporting for duty at their scheduled time.

This provision is waived if the employee is granted a request for a particular shift arrangement that does not give the employee eight (8) consecutive hours in total off duty between shifts.

28.07 Pagers

Where an employee is required by the Employer to be on-call; and where the employee requests the Employer to provide a pager; and where a pager service is available at reasonable expense, all such expenses shall be the sole responsibility of the Employer.

28.08 On-Call

Current agreed-upon arrangements for assigning on-call will continue. If no agreed-upon arrangement exists, the Employer will meet with affected employees at the work unit level to develop a mutually agreed process, with primary consideration for assignment by seniority unless that is impractical in the circumstances. If there is no resolution, then on-call work shall be allocated equitably to qualified employees, considering their availability to meet clinical needs.

28.09 Telephone Consultation

An employee, who has received a work related phone call outside their daily hours of work, shall be paid a minimum of fifteen (15) minutes at the rate of time and one half (1.5 x) straight time rates upon approval by the Employer. Subsequent phone calls within the fifteen (15) minute period from the receipt of the initial call will not trigger an additional fifteen (15) minute payment.

ARTICLE 29 – PORTABILITY OF BENEFITS

29.01 Transfers

An employee who terminates in a Facility where the Union is certified and which is a member of HEABC, and is employed within one hundred and eighty (180) calendar days in a Facility where the Union is certified, including the original Facility, shall be entitled to portability of benefits as specified below. The term "member" in relation to the Facility from which the employee is transferring shall not include any provincial or federal government institution.

An employee eligible for portability of benefits who has applied for a regular position, and is unsuccessful, but is hired as a casual shall have noted in the letter of appointment that they are seeking regular employment. In such instance, the employee shall be entitled to portability of

benefits specified in 29.02 for a period of three hundred and sixty-five (365) calendar days from date of termination at A.

29.02 Benefits Portable

Periods of up to ninety (90) days out of service, when transferring, shall not count as a discontinuity, but such periods shall be excluded when calculating benefits.

Notwithstanding the above, those current employees who are presently a member of the Public Service Pension Plan as at April 1, 2001 shall have the option of remaining with that Plan if they are entitled to portability of benefits under Article 29.01.

The maximum rate of the higher rated job increment structure will not be exceeded because of the application of this provision.

In cases where an employee is required to transfer temporarily to a lower rated job, such employee shall incur no reduction in pay rates because of such transfer.

Notwithstanding the above, if an employee is temporarily promoted and placement in the new increment structure would result in a rate of pay less than that which would have been received had the promotion been to an intervening grade (e.g.: If an employee at Grade I is promoted to Grade III the intervening Grade would be Grade II) then the employee will be moved to the next higher increment in the new increment structure.

ARTICLE 32 – SUPERIOR BENEFITS

4. The working group will make recommendations to the stakeholder groups and Leadership Council to establish a provincial framework/structure (the “Provincial Framework”) for Health Care Sector Occupational Health and Safety issues and solutions including consideration of a staff structure. The working group will regularly (monthly) update all stakeholders, prior to the submission of final recommendations, which shall be given due consideration by stakeholders and Leadership Council.
5. The working group will make recommendations regarding terms of reference and rules of governance for the Provincial Framework.
6. The working group will explore opportunities and make recommendations regarding potential sources of ongoing funding for initiatives carried out under this Provincial Framework.
7. THE ASSOCIATION

Re: Provincial Occupational Health and Safety

The parties share a common interest in preventing workplace injuries and promoting safe and healthy workplaces at all worksites, throughout the healthcare sector.

The parties acknowledge the need for a provincially coordinated and integrated effort to improve the health and safety of health care workers and to establish systems to implement the shared objectives below:

- Promote a safe and healthy work environment and organizational safety culture through prevention of injury initiatives, safe workloads, promotion of safer work practices and healthy workforces, including pilot and demonstration programs;
- Prevent and reduce the incidence of injuries (physical and psychological) and occupational diseases;
- Support the adoption of leading (best) practices, programs or models;
- Facilitate co-operation between unions and employers on health and safety issues;
- Facilitate and provide education and training for effective functioning of local Joint Occupational Health and Safety committees;
- Share information, data, and experience across the sector;
- Improve awareness of and compliance with *Workers’ Compensation Act*, Occupational Health and Safety Regulation and relevant physical and psychological standards; and
- Support the implementation of the Canadian Standards Association (CSA) Standards for Occupational Health and Safety Management and Psychological Health and Safety in the Workplace.

And whereas the BC Health Care Occupational Health and Safety Society (currently known as SWITCH BC) was jointly established in November 2020 to provide the organizational basis for an innovative and collaborative initiative to influence, invest in and support province wide initiatives to improve health care worker health and safety. SWITCH BC was built on the following principles:

- Broad stakeholder engagement in governance;
- Collaborative approach;
- Transparency;
- Evidence based decision making; and
- Accountability/Commitment (Compliance).

Therefore, the parties agree as follows:

1. The parties commit to support occupational health and safety projects and the above objectives that have been initiated by SWITCH BC. Examples of these projects include the OHS Resource Centre and Provincial Violence Prevention Curriculum (PVPC).
2. The parties will assist SWITCH BC in securing sources of ongoing funding.

Re: Pandemic Information Sharing Forum on Occupational Health and Safety

The parties acknowledge the hard work of employees, Employers and Unions in responding to the COVID-19 pandemic.

Throughout the COVID-19 pandemic, the parties recognized the value of collaboration and cooperation, and convened a provincial occupational health and safety forum to share information and address provincial-level pandemic OHS issues as they arose.

The parties acknowledge the importance of learnings from the previous public health emergencies, such as those outlined in the 2003 Ontario SARS Commission final report.

The parties acknowledge the importance of providing timely information to employees and JOHSC.

Accordingly, the parties agree to establish a pandemic information sharing forum (the “forum”) where a public health emergency is declared by the Government of British Columbia that creates a health risk for a significant number of employees.

The forum will consist of one (1) representative from each participating bargaining associations, HEABC, Employer representatives, and a senior representative from Ministry of Health. The forum may also include a representative from Doctors of BC, WorkSafeBC or other relevant groups as agreed by the participants.

The purpose of the forum is to promote information sharing related to pandemic occupational health and safety matters, with the following principles:

- Open, transparent and respectful communications
- Focus on provincial level issues
- Interest based approach

The forum will determine the meeting frequency.

Re: Article 24.01 – Hours of Work

(Note: This MOA is no longer applicable upon implementation of the 37.5 hour work week)

In considering changes to current EDO/ATO schedules for specific work units, the following factors shall be reviewed: the terms of the Collective Agreement and the operational needs of the Employer to provide health care.

The process for dealing with such changes is as follows:

- (1) The Employer must give the affected employees a clear and detailed outline of what it wishes to do;
- (2) The Employer must have good reason(s) for making the proposal in the first place, and it must express the reason(s) to the affected employees and be prepared to engage in dialogue with respect thereto;
- (3) The Employer must invite a reply from the affected employees in the work unit and it must give the employees reasonable opportunity to formulate a reply and make their own proposal(s);
- (4) The Employer must give bona fide consideration to any proposals which the employees in the work unit might put forward and be prepared to show that its rejection thereof was reasonable in light of its proper objectives;
- (5) Within this framework, the Employer must make every reasonable effort to secure mutual agreement; and
- (6) The Employer's actions and its proposed schedule of shifts must not be in breach of any other provision of the Collective Agreement.

In the event the parties are unable to mutually agree to a shift schedule through the above process, either party may refer the dispute to expedited final offer selection arbitration.

The procedure for the final offer selection shall be:

- (1) The onus will be on each party to establish that its respective position conforms to the above factors.

- (2) The parties shall fax their written position and their rationale in five pages or less to the arbitrator with a faxed copy to the other party within three working days after the referral to arbitration.
- (3) The expedited arbitrator may contact the parties if clarification is required on these submissions.
- (4) The expedited arbitrator shall issue by fax a final and binding decision within four working days of receiving both presentations.
- (5) The arbitrator will select the position of the party which has presented the most compelling reasons for acceptance of its position.

Re: Job Sharing

Article 1 – Preamble

- 1.1 This Memorandum of Understanding establishes provision for two regular employees to voluntarily "job share" a single full-time position. Part-time positions may be shared where the Employer and Union agree in good faith.
- 1.2 A "Job Sharing Arrangement" refers to a specific written agreement between the Employer and participating employees within the framework of this Memorandum of Understanding. Participating employees will agree upon the job sharing arrangement, including:
 - the FTE for each participant,
 - schedule assigned to each participant,
 - vacation coverage,
 - short notice leave (such as sick, special and compassionate leave) coverage, and
 - the assignment of Statutory Holidays.

This agreement must be signed by participating employees and approved by the Employer before a job sharing arrangement can be implemented.

- 1.3 It may be to the advantage of the parties to initiate job sharing agreements in circumstances such as:
 - Avoiding the potential loss of a valuable employee whose circumstances prevent them from working full-time;
 - Maintaining a mix of backgrounds/experience that will enhance the operation.

Article 2 – Participation

- 2.1 The parties recognize that involvement in job sharing is voluntary for all parties and at the discretion of the Employer.
- 2.2 Employees may initiate a request for job sharing in writing (subject to Article 2.3 and 2.4).
- 2.3 Upon approval of a request to job share a notice will be posted within the department to determine interest in job sharing a specific position. Those interested in job sharing will respond to the Employer in writing. Should the number of qualified employees responding exceed the number of positions available, then selection shall be on the basis of seniority.

Job sharers will be within the same department and classification except where the Employer and the Union agree in good faith.

- 2.4 A notice will also be posted to elicit interest in job sharing arrangements to accommodate employees facing displacement. Approval and selection are subject to 2.1, 2.2 and 2.3, above.
- 2.5 For the first three (3) months of a job sharing arrangement, an employee will be deemed to be on a qualifying period pursuant to Article 10.03.

Article 3 – Maintenance of Full-Time Positions

- 3.1 Shared positions shall, in all respects with the exception that they are held by two individuals, be treated as though they were single positions with regard to scheduling and job descriptions.
- 3.2 Where a vacancy becomes available as a result of an employee participating in a job sharing arrangement, the vacated position shall be treated in accordance with the provisions of the Collective Agreement.
- 3.3 If one job sharing partner decides to discontinue participating in a job share, the employee must give thirty (30) days notice and the employee will then post into another regular position, revert to casual, or resign.

The Employer will post a notice within the department to determine interest in filling the vacated portion of the job share. Should more than one qualified employee wish to assume this vacated portion of the job share, the selection shall be on the basis of seniority.

Should no qualified employee wish to participate in the job share the remaining employee shall be given the first opportunity to assume the position on a full-time basis. If the employee does not wish a full-time position then the employee would post into another regular position, revert to casual status, or resign. The former job sharing position would then be treated in accordance with the Collective Agreement.

- 3.4 If the job sharing arrangement is discontinued by the Employer, the most senior employee will be given first option to assume the full-time position. The other (least senior) partner will be displaced pursuant to the provisions of the Collective Agreement.

Should the displaced employee have been regular full-time immediately prior to the job share, a comparable job will be defined as a regular full-time position for the purpose of internal options. Such employees can opt to define a comparable job as $\pm .2$ of their FTE component of the job share. In either case, such employees' hours will be maintained only to the level the employee worked in the job share.

- 3.5 The Employer must give sixty (60) days' notice if they wish to end a job sharing arrangement.
- 3.6 Either party may cancel this Memorandum on sixty (60) days' notice.

Article 4 – Schedules and Job Descriptions

- 4.1 A work schedule will be set out in advance showing the days and hours or shifts to be worked for each job sharing partner.

- 4.2 Job descriptions for the job sharing partners will be identical.
- 4.3 The Employer agrees not to increase workload levels expected of job sharers for the sole reason the position is shared.
- 4.4 Once established, the portion of hours shared may be altered by mutual agreement of the parties.

Article 5 – Benefits

- 5.1 As a general principle and unless otherwise revised in this Memorandum, the employees will neither gain nor lose any benefits presently contained in the Master Agreement.
- 5.2 Each employee in a job sharing arrangement will be treated as a part-time employee for all benefit and pension purposes.
- 5.3 Each employee in a job sharing arrangement must maintain unbroken eligibility for Employment Insurance and Canada Pension coverage.

- (b) schedules of fourteen days duration must average hours worked for the purpose of overtime payments according to the following example (these examples apply only to shift schedules where the shifts are 7.5 hours in length):

- (i) employees working on a 6-1, 4-3, or 6-2, 4-2 schedule will be entitled to time and one-half rates as per Article 25.03(a)(2) for the first seven point five (7.5) hours worked in excess of forty-five (45) hours during the six day week and for the first seven point two seven point five (7.5) hours worked in excess of thirty (30) hours during the four day week.

Article 25.03(b)(2) must be modified to reflect double time for hours in excess of fifty-two point five (52.5) hours during the six day week, and for hours worked in excess of thirty-seven point five (37.5) hours during the four day week.

- (ii) employees working on a 10-4 schedule must average their time over a fourteen calendar day period in order to accumulate the required hours for the payment of double time.

Article 25.03(a)(2) must be modified to reflect time and one-half (1.5 x) rates for the first 7.5 hours in excess of seventy-five (75) hours except as provided in Article 25.03(b)(3).

Article 25.03(b)(2) must be modified to reflect double time (2 x) rates for all hours in excess of eighty-two point five (82.5).

Schedules other than the listed examples should be submitted to the Association and HEABC for interpretation should a dispute arise over the application of overtime.

Re: Enhanced Disability Management Program

Section A – General Principles and Application

The purpose of the Enhanced Disability Management Program (EDMP) is to facilitate an employee-centered, pro-active, appropriate and customized disability management program for employees with occupational and non-occupational illness/injury.

Employees who participate in the program will benefit from a holistic Case Management Plan (CMP) that may include medical intervention, transitional work (TW), a graduated return to work (GRTW), workplace modifications, vocational rehabilitation and/or retraining.

1. Elements of the EDMP

- 1.1 A CMP will be developed for all employees who participate in the EDMP and will include milestones and expected outcomes. An employee's CMP will be based on the assessment of factors such as prognosis, capabilities and limitations, skill and education, and the likelihood of a return to work. The CMP is intended to provide early, appropriate and on-going support for ill or injured employees. The EDMP process sets out regular reviews and monitoring of individuals and is intended to provide a more seamless process for employees returning to work or requiring support from the Long Term Disability (LTD) Plan while in receipt of benefits.
- 1.2 The LTD Plan is available to employees who meet the LTD eligibility requirements. In circumstances where the employee's absence results in an employee receiving an LTD benefit, this benefit will be part of the employee's EDMP.
- 1.3 The EDMP shall be made up of this Appendix, the Policies and Procedures, and the Case Management Dispute Resolution Process. The Policies & Procedures document can be updated, as necessary, by the Provincial Steering Committee (PSC).

2. Effective Date

- 2.1 The EDMP is effective April 1, 2011.
- 2.2 The EDMP shall address all phases of the disability management process and will replace existing Collective Agreement provisions related to early intervention, long term disability and early safe return to work for all employees with a date of disability on or after April 1, 2011. Unless otherwise mutually agreed by the parties, existing collective agreement

provisions related to early intervention, long term disability and early safe return to work will continue to apply to employees with a date of disability prior to April 1, 2011.

3. Goals

The Goal of EDMP is to:

- Provide early, appropriate and on-going support so that ill/injured employees maintain their connection with the workplace and return to work in a safe and timely manner.
- Provide support to employees who are struggling at work when participation in this program could reasonably prevent the employee from being off work.
- Provide appropriate, caring, professional case management of the ill/injured employee's medical, personal, workplace and vocational issues to facilitate a timely return to work.
- Promote a safe, accessible and healthy workplace.
- Encourage health promotion and employee wellness.
- Reduce the cost of sick, long term disability (LTD) and Workers Compensation Board (WCB) leaves.

4. Overriding Principles

- Improvements in disability management processes will be jointly developed and administered.
- Disability management is intended to facilitate early intervention, effective rehabilitation, stay at work and early return to work programs.
- Reasonably addresses barriers to return to work – medical, personal, vocational and/or workplace.
- Emphasis will be placed on developing a program that responds in a timely manner. The earliest possible return to work is in the best interest of an employee who is disabled.
- Prevention and disability management processes will be evidence based, continuous and integrated.
- EDMP processes will potentially apply to all incidents of inability to work as a result of illness, injury, disability or impairment.
- Regular employees who are off work with a work related illness/injury or who are off work for a non-work related illness/injury for five (5) consecutive shifts are required to participate in the program unless the employee has a bona fide reason to decline.
- All medical accommodations must go through EDMP.
- EDMP will be compliant with legislation and regulations (e.g. *Workers' Compensation Act*, human rights legislation, including duty to accommodate and privacy laws), and the Collective Agreement.
- Confidential medical information will be protected.
- Disability management is most effective when delivered as close to the workplace as possible.
- An effective system-wide evaluation will be implemented. This requires the development of a framework, determining key metrics and identifying the frequency of data sharing.
- Effective disability management is intended to reduce costs and should recognize that a cost/benefit analysis of individual situations may be required.

5. Governance and Administration

- 5.1 Provincial Steering Committee (PSC)
 - 5.1.1 The PSC will be made up of 6 (six) representatives of HEABC and its members, and 6 (six) representatives of the Association.
 - 5.1.2 The PSC will be the governing body and will carry out its roles and functions in accordance with the EDMP, and will establish a sufficient number of Working Groups to oversee the day to day operation of the program.

5.2 Working Group Participation

- 5.2.1 The Union and the Employer will appoint an equal number of representatives.

6. Standard Practices

- 6.1 The EDMP will be administered in a manner consistent with the Collective Agreement and the policies and procedures developed by the PSC.
- 6.2 In the event the Employer uses a third party to provide EDMP services, the Employer will ensure that the third party fulfills its role in a manner consistent with the EDMP. The Employer will ensure that the necessary service level standards are in place with the third party provider.

7. Evaluation

- 7.1 The parties agree to conduct evaluations in accordance with the established framework.

8. Provision of Services

- 8.1 EDMP will provide appropriate services at no cost to the employee, including the cost of obtaining Occupational Functional Assessments (OFAs).

9. Dispute Resolution Process

- 9.1 All case management disputes shall be resolved in accordance with the Case Management Dispute Resolution Process.
- 9.2 All other disputes concerning the interpretation, application, operation or any alleged violation of the EDMP are subject to the grievance and arbitration procedure set out in the Collective Agreement.

10. Privacy

- 10.1 Confidentiality and the right to privacy protection is an important guiding principle of the EDMP. Confidentiality policies will be developed by the PSC including rules regarding what information is collected, from whom and under what circumstances it is shared, and where and for how long it is stored.

11. Case Management

- 11.1 Eligible employees will benefit from a holistic CMP that may include medical intervention, transitional work, graduated return to work, workplace modifications, vocational rehabilitation, and/or retraining. All CMPs will be developed in accordance with the EDMP.

The CMP will be based on the assessment of factors such as prognosis, capabilities and limitations, skill and education, and likelihood of a return to work.

- 11.2 Upon successful completion of a CMP and being deemed as fit to return to work, an employee will return to their own job unless it is identified in the CMP that an employee cannot return to their own job and requires a medical accommodation. The employee's ongoing limitations and restrictions will be communicated to their Employer.
- 11.3 Within two (2) weeks of receipt of the employee's limitations and restrictions and confirmation that the employee is fit to return to work, the will contact the employee and the Union to discuss possible accommodation options.
- 11.4 Within four (4) weeks of receiving the employee's limitations and restrictions and confirmation that the employee is fit to return to work, the Employer will offer the employee transitional work consistent with their limitations and restrictions, or must begin paying the employee at their pre-disability rate of pay and FTE. Where an employee's limitations and restrictions require that the employee works a lower FTE than their pre-disability FTE, or complete a Graduated Return to Work, the employee will be paid for the hours that the employee is cleared to work. Transitional work may include modified duties, access to education funds to upgrade skills, and/or special projects.
- 11.5 For employees in receipt of long-term disability benefits, transitional work set out in Section A – 11.4, will be considered rehabilitative employment and will be paid according to Section B – 15.
- 11.6 An employee who cannot return to their own job will be an automatic candidate for all vacancies with the Employer and shall have the ability to bump under the collective agreement for positions that the employee is qualified and capable of performing, within their limitations and restrictions.

12. Request for Leave while engaged in a CMP

- 12.1 Employees who are engaged in a CMP may request leave on a day that they are scheduled to work. Leaves will be granted and paid in accordance with the Collective Agreement (see Section B 16.1 for employees in receipt of LTD Benefits).

13. Graduated Return to Work (GRTW)

- 13.1 A Graduated Return to Work (GRTW) supports an employee through a time limited gradual increase in hours and/or duties to return to their own job or suitable alternate position.
- 13.2 Participation in a GRTW is contingent upon clearance from the appropriate medical professional. The GRTW shall be considered as part of the treatment/rehabilitation process under the EDMP. All employees engaged in a GRTW shall be supernumerary.
- 13.3 A written GRTW for the employee will include:
 - 13.3.1 An overview of the employee's GRTW, including its expected outcome and end date, and
 - 13.3.2 The number of phases, their duration and the number of hours to be worked per shift in each phase.

14. Wages and Benefits on a GRTW as part of a CMP

- 14.1 Employees will receive pay and appropriate premiums for all hours worked. Sick, vacation or banked time off, if available, may be used for hours not worked.
- 14.2 Benefits under Article 34 are reinstated on commencement of a GRTW and continue while the employee is actively participating in the program.
- 14.3 All other benefits of the Collective Agreement accrue on a proportionate basis (see Section B17 for employees in receipt of LTD benefits).

Section B – Long Term Disability (LTD) Plan

1. Eligibility

- 1.1 Based on the probationary period for regular full-time employees, upon completion of three (3) months of continuous employment, regular full-time and regular part-time employees (except for casual employees appointed to temporary positions or temporary vacancies), become members of the Long Term Disability (LTD) Plan as a condition of employment.
- 1.2 The Employer will deduct premiums in accordance with Article 34.05 from each eligible employee. The premium will be a percentage of straight time wages, as determined by the HBT/underwriter. The HBT/underwriter will provide the Employer and the Association with reasonable notice of changes to the premium.
- 1.3 In the event an employee, while enrolled in this Plan, becomes totally disabled on or after April 1, 2011 as a result of an accident or sickness, then, after the employee has been totally disabled for five (5) months, the employee shall be eligible for long term disability benefits.
- 1.4 Total Disability, as used in this LTD Plan, means the complete inability because of an accident or sickness, of a covered employee to perform the duties of their own occupation for the first two (2) years of disability. Thereafter, an employee who is able by reason of education, training, or experience to perform the duties of any gainful occupation for which the rate of pay equals or exceeds seventy percent (70%) of the current rate of pay for their regular occupation at the date of disability shall no longer be considered totally disabled under the Plan. However, the employee may be eligible for a Residual Monthly Disability Benefit. (See Section B – 6 – Residual Monthly Disability Benefit of this Appendix)

Total disabilities resulting from mental or nervous disorders are covered by the plan in the same manner as total disabilities resulting from accidents or other sicknesses.

- 1.5 During a period of total disability an employee must be under the regular care of a medical doctor and participating and cooperating in a reasonable and customary treatment program.

2. Exclusions from Coverage

- 2.1 The LTD Plan does not cover total disabilities resulting from:
 - 2.1.1 war, insurrection, rebellion, or service in the armed forces of any country;

- 2.1.2 voluntary participation in a riot or civil commotion, except while an employee is in the course of performing the duties of their regular occupation;
- 2.1.3 intentionally self-inflicted injuries or illness.

3. Application for LTD Benefits

- 3.1 A written application under the LTD plan shall be sent to the claims-paying agent no longer than forty-five (45) days after the earliest foreseeable commencement date of benefit payments from the LTD Plan or as soon thereafter as is reasonably possible. Failure to apply within the time stated shall not invalidate nor reduce the claim if it was not reasonably possible to file the required application within such time, provided the application is sent no later than six (6) months from the time the application is otherwise required.

4. Waiting Period/Transition to LTD

- 4.1 Employees who still have unused sick leave credits after the waiting period when the long term disability benefit becomes payable shall have the option of:
 - 4.1.1 using sick leave credits to top up the long term disability benefit; or
 - 4.1.2 banking the unused sick leave credits for future use.
- 4.2 Employees who will be eligible for benefits under the LTD Plan shall not have their employment terminated. Following expiration of their sick leave credits and/or any other paid leaves to which they are entitled, they shall be placed on unpaid leave of absence until receipt of LTD benefits.
- 4.3 Employees who have a CMP and participate in transitional work, a graduated return to work or an accommodation during the LTD waiting period will not have their entitlement to LTD benefits delayed as a result of participating in the CMP.
- 4.4 An employee who has been granted any unpaid leave of absence totalling less than twenty-one (21) days in any year (including time while in receipt of LTD) shall continue to accumulate all benefits.
- 4.5 An employee shall not accumulate benefits from the twenty-first (21st) day of unpaid leave (including time while in receipt of LTD) to the last day of the unpaid leave (see Article 22 of the Collective Agreement).
- 4.6 Upon expiration of an unpaid leave an employee shall receive credit for previously earned benefits and shall resume accumulating benefits.

5. LTD Benefits

- 5.1 Provisions set out under Section B 4.4, 4.5 and 4.6 apply to employees in receipt of LTD benefits.
- 5.2 Medical, Extended Health and Dental – Employees on long term disability who have already been granted unpaid leave of absence (including time while in receipt of LTD benefits) totalling up to twenty (20) days in any year may choose to continue to maintain any or all of the Medical, Extended Health and Dental benefit plan coverage. The premiums will be cost shared by the Employer and employee on a 50-50 basis provided

the employee pays their portion of the premium for such coverage in advance on a monthly basis.

- 5.3 Pension – Employees on long term disability shall be considered employees for the purposes of pension in accordance with the Municipal or the Public Service Pension Plan Rules, as applicable.
- 5.4 Group Life Insurance – Employees on long term disability shall have their group life insurance and AD&D premiums waived and their coverage continued.
- 5.5 LTD Premiums – LTD premiums shall be waived while an employee is in receipt of a disability benefit from the LTD Plan.
- 5.6 Totally disabled employees shall receive a benefit equal to seventy percent (70%) of the first \$5298 of the pre-disability monthly earnings and fifty percent (50%) on the pre-disability monthly earnings above \$5298 or sixty six and two thirds percent (66-2/3%) of pre-disability monthly earnings, whichever is more. The \$5298 level is to be increased annually by the increase in the weighted average wage rate for employees under the Collective Agreement for the purpose of determining the benefit amount for eligible employees as at their date of disability.

It is understood that this adjustment will only be applied once for each eligible employee, i.e., at the date of the disability, to determine the benefit amount to be paid prospectively for the duration of entitlement to benefits under the LTD Plan.

- 5.7 The benefit is taxable.
- 5.8 In the event that the LTD benefit falls below the amount set out in Section B 5.6 above for the job that the claimant was in at the time of commencement of receipt of benefits, LTD benefits will be adjusted prospectively to seventy percent (70%) of the first \$5298 of the current monthly earnings and fifty percent (50%) on the current monthly earnings above \$5298 or sixty six and two thirds percent (66-2/3%) of current monthly earnings, whichever is more based on the wage rate in effect following review by HBT/underwriter every four years. (Note: the \$5298 figure will be adjusted as set out in Section B 5.6 above).
- 5.9 For the purposes of the above, earnings shall mean basic monthly earnings (including isolation allowances where applicable) as at the date of disability. Basic monthly earnings for regular part-time employees shall be calculated on the basis of the employee's average monthly hours of work for the twelve-month period or such shorter period that the employee has been employed, prior to the date of disability, multiplied by their hourly pay rate as at the date of disability.
- 5.10 The LTD benefit payment shall be made so long as an employee remains totally disabled and shall cease on the date the employee reaches age sixty-five (65), recovers, dies, or is eligible for and begins receiving the Early Retirement Incentive Benefit, whichever occurs first.
- 5.11 Employees are not to be terminated for non-culpable absenteeism while in receipt of long term disability benefits.

6. Residual Monthly Disability Benefit

- 6.1 The Residual Monthly Disability Benefit is based on eighty-five percent (85%) of the rate of pay at the date of the disability less the rate of pay (the minimum being equal to seventy percent (70%) of the current rate of pay for their regular occupation) applicable to any gainful occupation that the employee is able to perform. The Residual Monthly Disability Benefit will continue until the rate of pay (the minimum being equal to seventy percent (70%) of the current rate of pay for their regular occupation) applicable to any gainful occupation that the employee is able to perform equals or exceeds eighty-five percent (85%) of the rate of pay for their regular occupation at the date of the disability. The benefit is calculated using the employee's monthly long term disability net of offsets benefit and the percentage difference between the eighty-five percent (85%) of the employee's rate of pay at the date of disability and the rate of pay (the minimum being equal to seventy percent (70%) of the current rate of pay for their regular occupation) applicable to any gainful occupation that they are able to perform.

Example:

- a. Monthly long term disability net of offsets benefit = \$1000.00 per month
- b. 85% rate of pay at date of disability = \$13.60 per hour
- c. 70% of current rate of pay = \$12.12 per hour
- d. percentage difference $[(b/c) - 1] = 12.2\%$
- e. Residual Monthly Disability Benefit $(a \times d) = \$122.00$

7. Integration with other Disability Income

- 7.1 In the event a totally disabled employee is entitled to any other income as a result of the same accident, sickness, mental or nervous disorder that caused them to be eligible to receive benefits from this Plan, the benefits from this LTD Plan shall be reduced by one hundred percent (100%) of such other disability income.
- 7.2 If other disability income is available to the employee, they must apply for this income prior to receiving LTD benefits. Other disability income shall include but is not limited to:
- 7.2.1 any amount payable under any *Workers' Compensation Act* or law or any other legislation of similar purpose; and
 - 7.2.2 any amount the disabled employee receives from any group insurance, wage continuation, or pension plan of the Employer that provides disability income; and
 - 7.2.3 any amount of disability income provided by a compulsory act or law; and
 - 7.2.4 any periodic primary benefit payment from the Canada or Quebec Pension Plans or other similar social security plan of any country to which the disabled employee is entitled or to which they would be entitled had they applied for such a benefit; and
 - 7.2.5 any amount of disability income provided by any group or association disability plan to which the disabled employee might belong to or subscribe.

- 7.3 Private or individual disability plan benefits of the disabled employee shall not reduce the benefit from this Plan.
- 7.4 If a disabled employee becomes entitled to other disability income, such as a WCB or CPP award, as a result of the same accident, sickness, or illness for which they are eligible and entitled to receive LTD benefits under the LTD Plan, then the LTD Plan is entitled to be repaid.
- 7.5 The amount by which the disability benefit from this Plan is reduced by other disability income shall be the amount to which the disabled employee is entitled upon becoming first eligible for such other disability income. Future increases in such other disability income resulting from increases in the Canadian Consumer Price Index or similar indexing arrangements shall not further reduce the benefit from this Plan until the LTD benefit payable is recalculated to reflect current wage rates (Reference Section B – 5.8).

8. LTD Plan Early Retirement Incentive Provision

- 8.1 The LTD Plan Early Retirement Incentive Benefit is to ensure that the eligible employee will not realize a pension benefit that is less than the pension benefit that they would have been entitled to receive at the normal retirement date, had they not applied for early retirement, regardless of when the early retirement incentive provision is activated (Reference Appendix 32).
- 8.2 An employee under this Agreement who is:
 - 8.2.1 eligible for, or who is receiving LTD benefits or who has been in receipt of LTD under this Plan for four years or more;
 - 8.2.2 eligible for early retirement pension benefits; and not eligible for the LTD Plan Rehabilitation Provisions shall apply for early retirement.
- 8.3 The employee's entitlement to benefits under the LTD Plan shall, provided the employee remains eligible as per the definition of Total Disability, continue during the period of time that their application for early retirement is being processed with their pension plan administrator. In the event that the employee is not eligible for an unreduced pension benefit, they may still be eligible for the LTD Plan Early Retirement LTD Incentive Benefit.
- 8.4 Entitlement to and the amount of the LTD Plan Early Retirement Incentive Benefit shall be determined by considering the following factors:
 - 8.4.1 the amount of the monthly pension benefit that the employee would have been entitled to receive if early retirement was not elected;
 - 8.4.2 the amount of the monthly early retirement benefit that the employee will receive;
 - 8.4.3 the amount of the gross monthly LTD benefit that the employee is entitled to receive;
 - 8.4.4 the amount of the net-of-offsets monthly LTD benefit that the employee is entitled to receive; and
 - 8.4.5 the maximum LTD benefit duration period applicable to the employee.

- 8.5 If the combination of pension benefit, Canada Pension Plan retirement benefit and any other disability income referred to in Section B – 7.2 of this Appendix results in monthly income of less than the LTD monthly income benefit, then the eligible employee shall be entitled to remain on LTD benefits.
- 8.6 An employee who is eligible for the LTD Plan Early Retirement Incentive Benefit shall be entitled to receive the benefit in a lump sum, or direct the HBT to any other designate. The employee shall complete an LTD Plan Early Retirement Incentive Benefit Application. Upon approval of the employee's application, the employee and the HSPBA/HBT will jointly sign the Terms of the LTD Plan Early Retirement Incentive Benefit.
- 8.7 All eligible employees who are entitled to the LTD Plan Early Retirement Incentive Benefit shall be entitled to the continuation of the Life Benefit coverage in effect until 65 years of age or death, whichever is earlier.

9. LTD Appeals

- 9.1 LTD claims shall be adjudicated and paid by a claims-paying agent to be appointed by the Trustee. The claims paying agent shall provide toll free telephone access to claimants. In the event a covered employee disputes a decision of the claims-paying agent regarding a claim for benefits under the LTD Plan, the employee may file an appeal requesting that the claim be re-examined by the claims-paying agent.
- 9.2 The claims paying agent shall provide a decision letter which includes the reasons for acceptance or denial of an appeal and shall provide it to the claimant, and the Union upon receipt of authorization from the claimant.
- 9.3 File disclosure including all medical opinions and case notes shall be provided to the Union when requested and upon receipt of authorization from the claimant.
- 9.4 A claimant shall have a two (2) year time limit to appeal any decision to deny or terminate a claim unless there are good and sufficient reasons to extend the time period. Claimants shall be provided with information about the appeal process and contact information for their union representative.

10. Claims Review Committee (CRC)

- 10.1 If the employee continues to dispute a decision of the claims-paying agent, the employee may request to have the claim reviewed by a Claims Review Committee (CRC) comprised of three (3) independent and qualified medical doctors agreed to by the LTD Plan Advisory Committee.
- 10.2 The decision of the claims review committee is final and binding on all parties.

11. Return to Work

- 11.1 Upon return to work following recovery, an employee who was on claim for less than twenty-four (24) months shall continue in their former job. An employee who was on claim for more than twenty-four (24) months shall return to an equivalent position, exercising their seniority rights if necessary, pursuant to Article 6.04.

12. Successive Disabilities

- 12.1 If, following a period of total disability with respect to which benefits are paid from this Plan, an employee returns to work for a continuous period of six (6) months or more, any subsequent total disability suffered by that employee, whether related to the preceding disability or not, shall be considered a new disability and the disabled employee shall be entitled to benefit payments after the completion of another waiting period.
- 12.2 In the event the period during which such an employee has returned to work is less than six (6) months and the employee again suffers a total disability that is related to the preceding disability, the subsequent disability shall be deemed a continuation of the preceding disability, and the disabled employee shall be entitled to benefit payments without the necessity of completing another waiting period.
- 12.3 Should such an employee suffer a subsequent disability that is unrelated to the previous disability and provided the period during which the employee returned to work is longer than one (1) month, the subsequent disability shall be considered a new disability and the employee shall be entitled to benefit payments after the completion of another waiting period. If the period during which the employee returned to work is one (1) month or less, the subsequent disability shall be deemed a continuation of the preceding disability and the disabled employee shall be entitled to benefit payments without the necessity of completing another waiting period.

13. Rehabilitation under LTD Plan

- 13.1 Rehabilitative employment shall mean any occupation or employment for wages or profit or any course or training that entitles the disabled employee to an allowance, provided such rehabilitative employment has the approval of the employee's doctor and the underwriter of the LTD Plan.
- 13.2 Approved Rehabilitation Plan (ARP) means a rehabilitation plan that has been jointly developed by the employee and the employee's union, the Disability Management Professional (DMP) and the HBT/underwriter and approved by HBT/underwriter, consistent with the principles of the EDMP. The ARP shall be signed by the employee and the HBT/underwriter.

In the event that an employee is medically able to participate in a rehabilitation activity or program, called an ARP, that can be expected to facilitate a return to their own job or other gainful employment, entitlement to benefits under the LTD Plan will continue for the duration of the ARP as long as the employee continues to participate and cooperate in the ARP.

14. Rehabilitation Review Committee (RRC)

- 14.1 In the event that the eligible employee does not agree with the rehabilitation plan or does not agree that they are medically able to participate and cooperate in the rehabilitation plan, then, to ensure benefit entitlement under the LTD Plan, the employee must either:
 - 14.1.1 be able to demonstrate reasonable grounds for being unable to participate and cooperate in the rehabilitation plan; or,
 - 14.1.2 appeal the dispute to the Rehabilitation Review Committee (RRC) for a resolution.

14.2 The RRC shall be composed of three (3) qualified individuals who, by education, training and experience are recognized specialists in the rehabilitation of disabled employees. The RRC shall be composed of three (3) individuals chosen on a rotating basis from a list of rehabilitation specialists mutually acceptable to the parties. The purpose of the RRC shall be to resolve the appeal of an eligible employee who:

14.2.1 does not agree with the rehabilitation plan; or,

14.2.2 does not agree that they could medically participate in the rehabilitation plan.

14.3 During the appeal process, the eligible employee's entitlement to benefits under the LTD Plan shall continue until the RRC has made its decision. The decision of the RRC shall determine whether or not the eligible employee is required to participate and cooperate in the rehabilitation plan. The rehabilitation plan approved by the RRC shall be deemed to be the ARP. In the event that the eligible employee does not accept the RRC's decision, their entitlement to benefits under the LTD Plan shall be suspended until such time as the eligible employee is willing to participate and cooperate in the ARP.

15. Rehabilitative Employment Benefits and Entitlements while in receipt of LTD Benefits

15.1 An Employee who returns to gainful rehabilitative employment under an ARP will receive all monthly rehabilitation earnings plus a monthly Long Term Disability benefit up to the amount set out in Section B – 5.6 of this Appendix provided that the total of such income does not exceed one hundred percent (100%) of the current rate of pay for their regular occupation at the date of the disability.

15.2 An employee who returns to gainful rehabilitative employment under an ARP and works 14.4 hours or more per week will have their Medical, Dental, and Extended Health benefits reinstated. Group life insurance, AD&D and LTD premiums are waived.

15.3 An employee who returns to gainful rehabilitative employment under an ARP will have all other benefits accrue on a proportionate basis.

15.4 Earnings received by an employee during a period of total disability that are derived from employment which has not been approved as rehabilitative employment under an ARP, shall reduce the regular monthly benefit from the Plan by one hundred percent (100%) of such earnings.

15.5 If the ARP involves a change in own occupation, the LTD benefit period will continue at least until the end of the first two (2) years of disability or some lesser period as agreed to by the employee, the Union and the DMP as part of a CMP.

15.6 Upon successful completion of the ARP an employee who is unable to return to their own job may have their LTD benefit period extended for a maximum of six (6) months for the purpose of job search.

16. Request for Paid Leave while engaged in Rehabilitative Employment and in receipt of LTD Benefits

16.1 Requests for paid leaves, except sick leave, on a day that an employee is scheduled to work will be granted and paid in accordance with the Collective Agreement and will not

result in income that exceeds one hundred percent (100%) of the current rate of pay for their regular occupation at the date of the disability. (See Section A – 12.1 for leaves while engaged in rehabilitative employment and not in receipt of LTD benefits).

17. GRTW Wages and Benefits while in receipt of LTD Benefits

- 17.1 These employees are considered disabled and under treatment.
- 17.2 The employees will receive pay and appropriate premiums for all hours worked. The LTD Plan will pay for hours not worked at two-third (2/3) of basic monthly earnings at the date of disability.
- 17.3 On the commencement of a GRTW Medical, Dental, and Extended Health benefits are reinstated. Group life insurance, AD&D and LTD premiums are waived.
- 17.4 An employee who is engaged in a GRTW under an ARP will have all other benefits accrue on a proportionate basis.

18. LTD premiums while on a Leave of Absence

- 18.1 Employees on leave of absence without pay may opt to retain coverage under the Plan and shall pay the full premium. Coverage shall be permitted for a period of twelve (12) months of absence without pay, except if such leave is for educational purposes, when the maximum period shall be extended to two (2) years. If an employee on leave of absence without pay becomes disabled, their allowance under this Plan shall be based upon monthly earnings immediately prior to the leave of absence.

19. Benefits Upon plan Termination

- 19.1 In the event this LTD Plan is terminated, the benefit payments shall continue to be paid in accordance with the provisions of this Plan to disabled employees who became disabled while covered by the LTD Plan prior to its termination.

20. Premiums

- 20.1 The cost of the LTD Plan shall be borne by the Employer and the employee in accordance with Article 34.05. Payment of premiums shall cease on termination of employment or five (5) months prior to an employee's sixty-fifth (65th) birthday, whichever occurs first.

21. Administration

- 21.1 The LTD Plan is to be administered and Trusteed by the Healthcare Benefit Trust (HBT).
- 21.2 The claims-paying agent shall provide HEABC and the Association with copies of policies, procedures and guidelines used for claims adjudication.
- 21.3 The Union shall have access to any reports provided by the claims-paying agent regarding experience information.
- 21.4 All questions arising as to the interpretation of this Plan shall be subject to the grievance and arbitration procedure in the Collective Agreement.

22. Long Term Disability Plan Advisory Committee

22.1 The parties will work together to improve the LTD plan processes. Two (2) persons from HEABC and one person from the HBT or other benefit administrator or service provider shall meet with three (3) representatives of the Association.

23. Collective Agreement Unprejudiced

23.1 The terms of the plan set out above shall not prejudice the application or interpretation of the Collective Agreement.

APPENDIX 11 – MEMORANDUM OF UNDERSTANDING

between

HEALTH EMPLOYERS ASSOCIATION OF BRITISH COLUMBIA

(on behalf of its members)

and

THE ASSOCIATION

Re: Long Term Disability Plan – Effective August 4, 2006

The following Long Term Disability (LTD) Plan is to be administered and Trusteed by the Healthcare Benefit Trust (HBT) and is applicable to all eligible employees who are disabled on or after August 4, 2006.

Section 1 – Eligibility

- (A) Based on the probationary period for regular full time employees, upon completion of three (3) months of continuous employment, regular full time and regular part time employees, except for casual employees appointed to temporary positions or temporary vacancies, become members of the Long Term Disability plan as a condition of employment.

The Employer will deduct premiums, in accordance with Article 34.05, Long Term Disability, from each eligible employee. The premium will be a percentage of straight time wages, as determined by the HBT. The HBT will provide the Employer and the Health Science Professionals Bargaining Association (HSPBA) with reasonable notice of changes to the premium.

- (B) Seniority and Benefits – Seniority accumulation and benefit entitlement for employees on long-term disability shall be consistent with the following provisions:

Any employee granted unpaid leave of absence totalling up to twenty (20) working days in any year shall continue to accumulate seniority and all benefits and shall return to their former job and increment step.

If an unpaid leave of absence or an accumulation of unpaid leaves of absence exceeds twenty (20) working days in any year, the employee shall not accumulate benefits from the twenty-first (21st) day of the unpaid leave to the last day of the unpaid leave but shall accumulate benefits and receive credit for previously earned benefits upon expiration of the unpaid leave.

Upon return-to-work following recovery, an employee who was on claim for less than twenty-four (24) months shall continue in their former job; an employee who was on claim for more than twenty-four (24) months shall return to an equivalent position, exercising their seniority rights if necessary, pursuant to Article 6.04 of the Master Agreement.

Employees on long term disability who have exhausted all sick leave credits and in addition have been granted twenty (20) working days unpaid leave shall be covered by

the Medical, Extended Health Care and Dental Plans provided they pay 50% of the total premiums for such coverage in advance on a monthly basis. Employees may choose to maintain any or all of such plans.

Municipal Pension Plan Employees on long-term disability shall be considered employees for the purposes of the Municipal Pension Plan in accordance with the *Public Sector Pension Plans Act*.

- (C) Employment status during the intervening period between expiration of sick leave credits and receipt of long term disability benefits:

Employees who will be eligible for benefits under the Long Term Disability Plan shall not have their employment terminated; following expiration of their sick leave credits they shall be placed on unpaid leave of absence until receipt of long-term disability benefits.

Section 2 – Benefit Entitlement

- (A)

(1) In the event an employee while enrolled in this Plan, becomes totally disabled on or after August 4, 2006, as a result of an accident or sickness, then, after the employee has been totally disabled for five (5) months the employee shall receive a benefit equal to seventy percent (70%) of the first \$5298 of the pre-disability monthly earnings and fifty per cent (50%) on the pre-disability monthly earnings above \$5298 or, 66 2/3% of pre-disability monthly earnings, whichever is more. The \$5298 level is to be increased annually by the increase in the weighted average wage rate for employees under the collective agreement for the purpose of determining the benefit amount for eligible employees as at their date of disability.

It is understood that this adjustment will only be applied once for each eligible employee, i.e., at the date of the disability, to determine the benefit amount to be paid prospectively for the duration of entitlement to benefits under the LTD plan.

(2) In the event that the benefit falls below the amount set out in Section 2 (A)(1) above for the job that the claimant was in at the time of commencement of receipt of benefits, LTD benefits to be adjusted prospectively to seventy percent (70%) of the first \$5298 of the current monthly earnings and fifty percent (50%) on the currently monthly earnings above \$5298 or, 66 2/3% of currently monthly earnings, whichever amount is more, based on the wage rate in effect following review by the HBT every four years. (Note: the \$5298 figure will be adjusted as set out in Section 2(A)(1) above).

(3) The benefit is taxable.

- (B) For the purpose of the above, earnings shall mean basic monthly earnings (including isolation allowances where applicable) as at the date of disability. Basic monthly earnings for regular part-time employees shall be calculated on the basis of the employee's average monthly hours of work for the twelve-month period or such shorter period that the employee has been employed, prior to the date of disability, multiplied by their hourly pay rate as at the date of disability.

The long-term disability benefit payment shall be made so long as an employee remains totally disabled and shall cease on the date the employee reaches age sixty-five (65), recovers, dies, or is eligible for early retirement, whichever occurs first.

- (C) Employees who still have unused sick leave credits after the waiting period when the long-term disability benefit becomes payable shall have the option of:
 - (1) exhausting all sick leave credits before receiving the long-term disability benefit;
 - (2) using sick leave credits to top off the long-term disability benefit; or
 - (3) banking the unused sick leave credits for future use.
- (D) Employees are not to be terminated for non-culpable absenteeism, while in receipt of long-term disability benefits.

Section 3 – Total Disability Defined

(A) Total Disability as used in this Plan, means the complete inability because of an accident or sickness of a covered employee to perform the duties of their own occupation for the first two (2) years of the disability. Thereafter, an employee who is able, by reason of education, training, or experience, to perform the duties of any gainful occupation for which the rate of pay equals or exceeds seventy percent (70%) of the current rate of pay for their regular occupation at the date of disability shall no longer be considered totally disabled under the Plan. However, the employee may be eligible for a Residual Monthly Disability Benefit.

(B)

(1) Residual Monthly Disability Benefit

The Residual Monthly Disability Benefit is based on eighty-five percent (85%) of their rate of pay at the date of the disability less the rate of pay [the minimum being equal to seventy per cent (70%) of the current rate of pay for their regular occupation] applicable to any gainful occupation that the employee is able to perform. The Residual Monthly Disability Benefit will continue until the rate of pay [the minimum being equal to seventy percent (70%) of the current rate of pay for their regular occupation] applicable to any gainful occupation that the employee is able to perform equals or exceeds eighty-five percent (85%) of the rate of pay for their regular occupation at the date of the disability. The benefit is calculated using the employee's rate of pay at the date of disability and the rate of pay [the minimum being equal to seventy per cent (70%) of the current rate of pay for their regular occupation] applicable to any gainful occupation that they are able to perform.

Example:

- (a) Monthly LTD net of offsets benefit = \$ 1,000 per month
- (b) 85% of rate of pay at date of disability = \$ 13.60 per hour
- (c) 70% of current rate of pay = \$ 12.12 per hour
- (d) Percentage of difference [(b/c) - 1] = 12.2%

- (e) Residual Monthly Disability Benefit (a x d) = \$ 122.00
- (2) Total disabilities resulting from mental or nervous disorders are covered by the Plan in the same manner as total disabilities resulting from accidents or other sicknesses.
- (3) During the period of total disability an employee must be under the regular and personal care of a legally qualified doctor of medicine and participating and cooperating in a reasonable and customary treatment program.
- (4) Commitment to Rehabilitation

In the event that an employee is medically able to participate in a rehabilitation activity or program that:

- (a) can be expected to facilitate their return to their own job or other gainful occupation; and
- (b) is recommended by the Plan Trustees, or their designate, as a Rehabilitation Plan, then,

The entitlement to benefits under the LTD Plan will continue for the duration of the Rehabilitation Plan as long as they continue to participate and co-operate in the Rehabilitation Plan. If the Plan involves a change in own occupation, the LTD benefit period will continue at least until the end of the first two (2) years of disability. In addition, the employee may be eligible for the Rehabilitation Benefit Incentive Provision.

The Rehabilitation Plan will be jointly determined by the employee and the HBT. In consideration whether or not a rehabilitation plan is appropriate, factors such as the expected duration of disability and the level of activity required to facilitate the earliest return to a gainful occupation will be considered along with all other relevant criteria. A rehabilitation plan may include training. The employee's entitlement to benefits under the LTD plan shall continue until the successful completion of the Rehabilitation Plan provided the employee is participating and cooperating in the Rehabilitation Plan.

- (5) Rehabilitation Review Committee

- (a) In the event the eligible employee does not agree:
 - (i) with the Rehabilitation Plan, or,
 - (ii) that they are medically able to participate and co-operate in the Rehabilitation Plan then,

To ensure benefit entitlement under the LTD plan the employee must either:

- (i) be able to demonstrate reasonable grounds for being unable to participate and co-operate in a rehabilitation plan; or,
- (ii) appeal the dispute to the Rehabilitation Review Committee for resolution.

- (b) During the appeal process, the employee's benefit entitlement under the LTD Plan shall not be suspended.
 - (c) The Rehabilitation Review Committee shall be composed of three qualified individuals who, by education, training, and experience are recognized specialists in the rehabilitation of disabled employees. The purpose of the Rehabilitation Review Committee shall be to resolve the appeal of an eligible employee whom;
 - (i) does not agree with the Rehabilitation Plan; or,
 - (ii) does not agree that they could medically participate in the Rehabilitation Plan.
 - (d) The decision of the Committee shall determine the Rehabilitation Plan and whether or not the eligible employee is required to participate and co-operate in the Rehabilitation Plan. In the event that the eligible employee does not accept the Committee's decision, their entitlement to benefits under the LTD Plan shall be suspended until such time as the eligible employee is willing to participate and co-operate in the Rehabilitation Plan.

 - (b) The intent of the Provision is to assist the employee with a return to gainful occupation. In many situations an employee who returns to work by participating and co-operating in a Rehabilitation Plan will be able to increase their monthly earnings above the LTD benefit amount. The objective of the Rehabilitation Benefit Incentive Provision is to promote the successful completion of the Rehabilitation as follows:
 - (i) The employee, upon return to gainful rehabilitative employment under the Rehabilitation Plan, will be entitled to receive all monthly rehabilitation earnings plus a monthly LTD benefit up to the amount set out in Section 2(A) of the Appendix, provided that the total of such income does not exceed one hundred percent (100%) of the current rate of pay for their regular occupation at the date of the disability.

- (ii) Upon successful completion of the Rehabilitation Plan, the employee becomes an automatic candidate for all job postings with the Employer and shall have the ability to bump under the collective agreement for positions that the employee is qualified and physically capable of performing.
- (iii) Upon successful completion of the Rehabilitation Plan, the LTD benefit period may be extended for a maximum of six (6) months for the purpose of job search; and
- (iv) The eligible employee shall be entitled to participate in the Job Exploration and Development program.

"Rehabilitative Employment" shall mean any occupation or employment for wage or profit or any course of training that entitles the disabled employee to an allowance, provided such rehabilitative employment has the approval of the employee's doctor and the HBT.

If earnings are received by an employee during the period of total disability and if such earnings are derived from employment, which has not been approved as rehabilitative employment, then the regular monthly benefit from the Plan shall be reduced by one hundred percent (100%) of such earnings.

Section 4 – Exclusions from Coverage

The Long Term Disability Plan does not cover total disabilities resulting from:

- (a) war, insurrection, rebellion or service in the armed forces of any country;
- (b) voluntary participation in a riot or civil commotion, except while an employee is in the course of performing the duties of their regular occupation;
- (c) Intentionally self-inflicted injuries or illness.

In the event a totally disabled employee is entitled to any other income as a result of the same accident, sickness, mental or nervous disorder that caused them to be eligible to receive benefits from this Plan, the benefits from this Plan shall be reduced by one hundred percent (100%) of such other disability income.

If other disability income is available to the employee, they must apply for this income prior to receiving LTD.

Other disability income shall include, but is not limited to:

- (A) any amount payable under the *Workers' Compensation Act* or law or any other legislation of similar purpose; and
- (B) any amount the disabled employee receives from any group insurance, wage continuation, or pension plan of the Employer that provides disability income; and

- (E) any amount of disability income provided by any group or association disability plan to which the disabled employee might belong to or subscribe.

Private or individual disability plan benefits of the disabled employee shall not reduce the benefit from this Plan.

The amount by which the disability benefit from this Plan is reduced by other disability income shall be the amount to which the disabled employee is entitled upon becoming first eligible for such other disability income. Future increases in such other disability income resulting from increases in the Canadian Consumer Price Index or similar indexing arrangements shall not further reduce the benefit from this Plan until the LTD benefit payable is recalculated to reflect current wage rates. [Reference 2A(2)]

Section 6 – Successive Disabilities

If, following a period of total disability with respect to which benefits are paid from this Plan, an employee returns to work for a continuous period of six (6) months or more, any subsequent total disability suffered by that employee, whether related to the preceding disability or not, shall be considered a new disability and the disabled employee shall be entitled to benefit payments after the completion of another waiting period.

In the event the period during which such an employee has returned to work is less than six (6) months and the employee again suffers a total disability that is related to the preceding disability, the subsequent disability shall be deemed a continuation of the preceding disability, and the disabled employee shall be entitled to benefit payments without the necessity of completing another waiting period.

Should such an employee suffer a subsequent disability that is unrelated to the previous disability and provided the period during which the employee returned to work is longer than one (1) month, the subsequent disability shall be considered a new disability and the employee shall be entitled to benefit payments after the completion of another waiting period. If the period during which the employee returned to work is one (1) month or less, the subsequent disability shall be deemed a continuation of the preceding disability and the disabled employee shall be entitled to benefit payments without the necessity of completing another waiting period.

Section 7 – Leave of Absence

Employees on leave of absence without pay may opt to retain coverage under the Plan and shall continue to pay the full premium. Coverage shall be permitted for a period of twelve (12) months of absence without pay, except if such leave is for educational purposes, when the maximum period shall be extended to two (2) years. If any employee on leave of absence without pay becomes disabled, their allowance under this Plan shall be based upon monthly earnings immediately prior to the leave of absence.

Section 8 – Benefits upon Plan Termination

In the event this Long Term Disability Plan is terminated, the benefit payments shall continue to be paid in accordance with the provisions of the Plan to disabled employees who become disabled while covered by this Plan prior to its termination.

Section 9 – Premiums

The cost of this Plan shall be borne by the Employer and the employee in accordance with Article 34.05, Long Term Disability. Payment of premiums shall cease on termination of employment or five (5) months prior to an employee's sixty-fifth (65th) birthday, whichever occurs first.

Section 10 – Waiver of Premiums

The premiums of this Plan shall be waived with respect to the disabled employee during the time such an employee is in receipt of disability payments from this Plan.

Section 11 – Claims

- (A) Long Term Disability claims shall be adjudicated and paid by a claims-paying agent to be appointed by the Plan Trustees. The claims-paying agent shall provide toll free telephone access to claimants. In the event a covered employee or the HSPBA/HBT disputes the decision of the claims-paying agent regarding a claim for benefits under this Plan, the employee or the HSPBA/HBT may request that the claim be re-examined by the claims-paying agent. If the employee disputes the decision, the employee may request to have the claim reviewed by a claims review committee composed of three independent and qualified medical doctors agreed to by the HSPBA and the HBT. The decision of the claims review committee is final and binding on all parties.

Written notice of a claim under this Plan shall be sent to the claims-paying agent no longer than forty-five (45) days after the earliest foreseeable commencement date of benefit payments from this Plan or so soon thereafter as is reasonably possible. Failure to furnish the required notice of claim within the time stated shall not invalidate nor reduce the claim if it was not reasonably possible to file the required notice within such time, provided the notice is furnished no later than six months from the time notice of claims is otherwise required.

The HBT will arrange to have an information brochure prepared to explain the procedures for claims submissions, re-examination and decision review by the medical panel.

Section 12 – Administration

All questions arising as to the interpretation of this Plan shall be subject to the grievance and arbitration procedures in Article 7 and 8 of the Provincial Agreement.

The HSPBA shall have access to any reports provided by the claims-paying agent regarding experience information.

Section 13 – Provincial Collective Agreement Unprejudiced

The terms of the Plan set out above shall not prejudice the application or interpretation of the Collective Agreement between the Health Employers Association of B.C. and The Health Science Professionals Bargaining Association.

Section 14 – LTD Plan Early Retirement Incentive Provision

The LTD Plan Early Retirement Incentive Benefit is to ensure that the eligible employee will not realise a pension benefit that is less than the pension benefit that they would have been entitled to receive at the normal retirement date, had they not applied for early retirement, regardless of when the early retirement incentive provision is activated (Reference Appendix 32).

- (A) An employee under this Agreement who is:
- (1) eligible for, or who is receiving LTD benefits or who has been in receipt of LTD under this Plan for four years or more;
 - (2) eligible for early retirement pension benefits; and
 - (3) not eligible for the LTD Plan Rehabilitation Provisions

shall apply for early retirement.

The employee's entitlement to benefits under the LTD Plan shall, provided the employee remains eligible as per the definition of Total Disability, continue during the period of time that their application for early retirement is being processed with their pension plan administrator. In the event that the employee is not eligible for an unreduced pension benefit, they may still be eligible for the LTD Plan Early Retirement LTD Incentive Benefit.

- (B) Entitlement to and the amount of the LTD Plan Early Retirement Incentive Benefit shall be determined by considering the following factors:
- (1) the amount of the monthly pension benefit that the employee would have been entitled to receive if early retirement was not elected;
 - (2) amount of the monthly early retirement benefit that the employee will receive;
 - (3) the amount of the gross monthly LTD benefit that the employee is entitled to receive;
 - (4) the amount of the net-of-offsets monthly LTD benefit that the employee is entitled to receive; and
 - (5) the maximum LTD benefit duration period applicable to the employee.

If the combination of the Municipal Pension Plan benefit, Canada Pension Plan retirement benefit and any other disability income referred to in Section 5 of the LTD Appendix, results in monthly income of less than the LTD monthly income benefit, then the eligible employee shall be entitled to remain on LTD benefits.

- (C) An employee who is eligible for the LTD Plan Early Retirement Incentive Benefit shall be entitled to receive the benefit in a lump sum, or direct the HBT to any other designate. The employee shall complete an LTD Plan Early Retirement Incentive Benefit Application. Upon approval of the employee's application, the employee and the HSPBA/HBT will jointly sign the Terms of the LTD Plan Early Retirement Incentive Benefit.
- (D) All eligible employees who are entitled to the LTD Plan Early Retirement Incentive Benefit shall be entitled to the continuation of the Life Benefit coverage in effect until 65 years of age or death, whichever is earlier.

Section 15 – Early Intervention Program

The Long Term Disability Plan shall include an Early Intervention Program as set out in the Early Intervention Program Policies and Procedures.

For employees covered by these Trusts the following continues to apply:

Employees are not to be terminated for non-culpable absenteeism, while in receipt of long-term disability benefits.

All eligible employees who are entitled to the LTD Plan Early Retirement Incentive Benefit shall be entitled to the continuation of the Life Benefit coverage in effect until 65 years of age or death, whichever is earlier.

HBT/Non-HSA Paramedical Professional LTD Plan

The following Long Term Disability (LTD) Plan is to be administered and Trusteed by Healthcare Benefit Trust (HBT) and is applicable to all Non-HSA Health Science Professionals Bargaining Association (HSPBA) members who are disabled on or after April 1, 1999 and up to and including August 3, 2006.

Section 1 – Eligibility

- (a) The Employer will sign up regular full-time and regular part-time employees, except for casuals appointed to temporary positions under Article 9.02, as a condition of continuing employment, on such forms as the union, or a Plan Administrator designated by the union, may require.

The Employer will deduct premiums at least monthly from each regular full-time and part-time employee, except for casuals appointed to temporary positions under Article 9.02, from the date they become a regular employee. The premium will be a percentage of straight time wages, and the union will give the Employer 60 days notice of any change in the percentage figure. The Employer will send HBT a cheque for the total, together with a list of the employees on whose behalf the deductions have been made and the straight-time salaries of those employees, within 28 days of the deduction. The cheque will be made out to the applicable LTD Trusted Fund.

The Employer will also provide the Union start dates and termination dates of all regular employees.

- (b) Seniority and Benefits – Seniority accumulation and benefit entitlement for employees on long-term disability shall be consistent with the following provisions:

Any employee granted unpaid leave of absence totalling up to twenty (20) working days in any year shall continue to accumulate seniority and all benefits and shall return to their former job and increment step.

If an unpaid leave of absence or an accumulation of unpaid leaves of absence exceeds twenty (20) working days in any year, the employee shall not accumulate benefits from the twenty-first (21st) day of the unpaid leave to the last day of the unpaid leave but shall accumulate benefits and receive credit for previously earned benefits upon expiration of the unpaid leave.

Upon return to work following recovery, an employee who was on claim for less than twenty-four (24) months shall continue in their former job; an employee who was on claim for more than twenty-four (24) months shall return to an equivalent position, exercising their seniority rights if necessary, pursuant to Article 6.04 of the Master Agreement.

Employees on long-term disability who have exhausted all sick leave credits and in addition have been granted twenty (20) working days unpaid leave shall be covered by the Medical, Extended Health Care and Dental Plans provided they pay 50% of the total premiums for such coverage in advance on a monthly basis. Employees may choose to maintain any or all of such plans.

Municipal Pension Plan Employees on long-term disability shall be considered employees for the purposes of the Municipal Pension Plan in accordance with the *Public Sector Pension Plans Act*.

- (c) Employment status during the intervening period between expiration of sick leave credits and receipt of long-term disability benefits:

Employees who will be eligible for benefits under the Long-Term Disability Plan shall not have their employment terminated; following expiration of their sick leave credits they shall be placed on unpaid leave of absence until receipt of long-term disability benefits.

Section 2 – Benefit Entitlement

- (A)

- (1) In the event an employee while enrolled in this Plan, becomes totally disabled on or after April 1, 1999, as a result of an accident or sickness, then, after the employee has been totally disabled for five (5) months the employee shall receive a benefit equal to seventy percent (70%) of the first \$5298 of the pre-disability monthly earnings and fifty per cent (50%) on the pre-disability monthly earnings above \$5298 or, 66 2/3% of pre-disability monthly earnings, whichever is more. The \$5298 level is to be increased annually by the increase in the weighted average wage rate for employees under the collective agreement for the purpose of determining the benefit amount for eligible employees as at their date of disability.

It is understood that this adjustment will only be applied once for each eligible employee, i.e., at the date of the disability, to determine the benefit amount to be paid prospectively for the duration of entitlement to benefits under the LTD plan.

- (2) In the event that the benefit falls below the amount set out in Section 2 (A)(1) above for the job that the claimant was in at the time of commencement of receipt of benefits, LTD benefits to be adjusted prospectively to seventy percent (70%) of the first \$5298 of the current monthly earnings and fifty percent (50%) on the currently monthly earnings above \$5298 or, 66 2/3% of currently monthly earnings, whichever amount is more, based on the wage rate in effect following review by the HSPBA/HBT every four years. (Note: the \$5298 figure will be adjusted as set out in Section 2(A)(1) above).
 - (3) The benefit is taxable.
- (B) For the purpose of the above, earnings shall mean basic monthly earnings (including isolation allowances where applicable) as at the date of disability. Basic monthly earnings for regular part-time employees shall be calculated on the basis of the employee's average monthly hours of work for the twelve-month period or such shorter period that the employee has been employed, prior to the date of disability, multiplied by their hourly pay rate as at the date of disability.
- The long-term disability benefit payment shall be made so long as an employee remains totally disabled and shall cease on the date the employee reaches age sixty-five (65), recovers, dies, or is eligible for early retirement, whichever occurs first.
- (C) Employees who still have unused sick leave credits after the waiting period when the long-term disability benefit becomes payable shall have the option of:
- (1) exhausting all sick leave credits before receiving the long-term disability benefit;
 - (2) using sick leave credits to top off the long-term disability benefit; or
 - (3) banking the unused sick leave credits for future use.
- (D) Employees are not to be terminated for non-culpable absenteeism, while in receipt of long-term disability benefits.

Section 3 – Total Disability Defined

- (A) Total Disability as used in this Plan, means the complete inability because of an accident or sickness of a covered employee to perform the duties of their own occupation for the first two (2) years of the disability. Thereafter, an employee who is able, by reason of education, training, or experience, to perform the duties of any gainful occupation for which the rate of pay equals or exceeds seventy percent (70%) of the current rate of pay for their regular occupation at the date of disability shall no longer be considered totally disabled under the Plan. However, the employee may be eligible for a Residual Monthly Disability Benefit.
- (B)
- (1) Residual Monthly Disability Benefit

The Residual Monthly Disability Benefit is based on 85% of their rate of pay at the date of the disability less the rate of pay [the minimum being equal to seventy per cent (70%) of the current rate of pay for their regular occupation] applicable to any gainful occupation that the employee is able to perform. The Residual Monthly Disability Benefit will continue until the rate of pay [the minimum being equal to seventy percent (70%) of the current rate of pay for their regular occupation] applicable to any gainful occupation that the employee is able to perform equals or exceeds 85% of the rate of pay for their regular occupation at the date of the disability. The benefit is calculated using the employee's rate of pay at the date of disability and the rate of pay [the minimum being equal to seventy per cent (70%) of the current rate of pay for their regular occupation] applicable to any gainful occupation that they are able to perform.

Example:

- (a) Monthly LTD net of offsets benefit = \$ 1,000 per month
 - (b) 85% of rate of pay at date of disability = \$ 13.60 per hour
 - (c) 70% of current rate of pay = \$ 12.12 per hour
 - (d) Percentage of difference $[(b/c) - 1]$ = 12.2%
 - (e) Residual Monthly Disability Benefit $(a \times d)$ = \$ 122.00
- (2) Total disabilities resulting from mental or nervous disorders are covered by the Plan in the same manner as total disabilities resulting from accidents or other sicknesses.
 - (3) During a period of total disability an employee must be under the regular and personal care of a legal qualified doctor of medicine.
 - (4) Commitment to Rehabilitation

In the event that an employee is medically able to participate in a rehabilitation activity or program that:

- (a) can be expected to facilitate their return to their own job or other gainful occupation; and
- (b) is recommended by the Plan Trustees, or their designate, and approved as a Rehabilitation Plan, then,

The entitlement to benefits under the LTD Plan will continue for the duration of the Approved Rehabilitation Plan as long as they continue to participate and cooperate in the Rehabilitation Plan. If the Plan involves a change in own occupation, the LTD benefit period will continue at least until the end of the first two (2) years of disability. In addition, the employee may be eligible for the Rehabilitation Benefit Incentive Provision.

The Rehabilitation Plan will be jointly determined by the employee and the HBT. In consideration whether or not a rehabilitation plan is appropriate, such factors as the expected duration of disability and the level of activity required to facilitate the

earliest return to a gainful occupation will be considered along with all other relevant criteria. A rehabilitation plan may include training. Once the Rehabilitation Plan has been determined, the employee and the HBT will jointly sign the Terms of the Rehabilitation Plan which will, thereby, become the Approved Rehabilitation Plan, and the employee's entitlement to benefits under the LTD plan shall continue until the successful completion of the Approved Rehabilitation Plan provided the eligible employee is willing to participate and co-operate in the Approved Rehabilitation Plan. In addition, the employee may be eligible for any, or all, of the Rehabilitation Benefit Incentive Provisions.

(5) Rehabilitation Review Committee

(a) In the event the eligible employee does not agree:

(i) with the recommended rehabilitation plan, or,

(ii) that they are medically able to participate and co-operate in the Rehabilitation Plan defined in the Terms of the Rehabilitation Plan then

To ensure benefit entitlement under the LTD plan the employee must either:

(iii) be able to demonstrate reasonable grounds for being unable to participate and co-operate in a rehabilitation plan; or,

(iv) appeal the dispute to the Rehabilitation Review Committee for resolution.

(b) During the appeal process, the employee's benefit entitlement under the LTD Plan shall not be suspended.

(c) The Rehabilitation Review Committee shall be composed of three qualified individuals who, by education, training, and experience are recognised specialists in the rehabilitation of disabled employees. The Committee shall be composed of three (3) individuals chosen on a rotating basis from a list of rehabilitation specialists identified by the HSPBA/HBT. The purpose of the Rehabilitation Review Committee shall be to resolve the appeal of an eligible employee whom;

(i) does not agree with the recommended Rehabilitation Plan; or,

(ii) does not agree that they could medically participate in the Rehabilitation Plan.

During the appeal process, the eligible employee's entitlement to benefits under the LTD plan shall continue until the Committee has made its decision. The decision of the Committee shall determine whether or not the eligible employee is required to participate and co-operate in the Rehabilitation Plan approved by the Committee. In the event that the eligible employee does not accept the Committee's decision their entitlement to benefits under the LTD Plan shall be suspended until such

time as the eligible employee is willing to participate and co-operate in the Approved Rehabilitation Plan.

(6) Rehabilitation Benefit Incentive Provisions

- (a) An employee who has been unable to work due to illness or injury and who subsequently is determined to be medically able to:
- (i) return to work on a gradual or part-time basis;
 - (ii) engage in a physical rehabilitation activity; and/or
 - (iii) engage in a vocational retraining program

shall be eligible for any or all of the Rehabilitation Benefit Incentive Provision.

- (b) The intent of the Provision is to assist the employee with a return to gainful occupation. In many situations an employee who returns to work by participating and co-operating in an Approved Rehabilitation Plan will be able to increase their monthly earnings above the LTD benefit amount. The objective of the Rehabilitation Benefit Incentive Provision is to promote the successful completion of the Rehabilitation as follows:

- (i) The employee, upon return to gainful rehabilitative employment under an Approved Rehabilitation Plan, will be entitled to receive all monthly rehabilitation earnings plus a monthly LTD benefit up to the amount set out in Section 2(A) of the Addendum, provided that the total of such income does not exceed one hundred percent (100%) of the current rate of pay for their regular occupation at the date of the disability.
- (ii) Upon successful completion of the Approved Rehabilitation Plan, the employee becomes an automatic candidate for all job postings with the Employer and shall have the ability to bump under the collective agreement for positions that the employee is qualified and physically capable of performing.
- (iii) Upon successful completion of the Approved Rehabilitation Plan, the LTD benefit period may be extended for a maximum of six (6) months for the purpose of job search; and
- (iv) The eligible employee shall be entitled to participate in the Job Exploration and Development program.

"Rehabilitative Employment" shall mean any occupation or employment for wage or profit or any course of training that entitles the disabled employee to an allowance, provided such rehabilitative employment has the approval of the employee's doctor and the HSPBA/HBT.

If earnings are received by an employee during the period of total disability and if such earnings are derived from employment, which has not been

approved as rehabilitative employment, then the regular monthly benefit from the Plan shall be reduced by one hundred percent (100%) of such earnings.

(7) Rehabilitation Improvement Committee

During the term of the agreement, one (1) person from The Plan Administrator and one (1) person from the claims paying agent shall meet with two (2) representatives of the HSPBA. This Committee will work together to improve the Rehabilitation Process.

The Committee will have access to all relevant information available to the Trust to determine the cost savings experienced by the LTD Plan as a result of the Rehabilitation Provisions.

Section 4 – Exclusions from Coverage

The Long Term Disability Plan does not cover total disabilities resulting from:

- (A) war, insurrection, rebellion or service in the armed forces of any country;
- (B) voluntary participation in a riot or civil commotion, except while an employee is in the course of performing the duties of their regular occupation;
- (C) Intentionally self-inflicted injuries or illness.

Section 5 – Integration with other Disability Income

In the event a totally disabled employee is entitled to any other income as a result of the same accident, sickness, mental or nervous disorder that caused them to be eligible to receive benefits from this Plan, the benefits from this Plan shall be reduced by one hundred percent (100%) of such other disability income.

If other disability income is available to the employee, they must apply for this income prior to receiving LTD.

Other disability income shall include, but is not limited to:

- (A) any amount payable under the *Workers' Compensation Act* or law or any other legislation of similar purpose; and
- (B) any amount the disabled employee receives from any group insurance, wage continuation, or pension plan of the Employer that provides disability income; and
- (C) any amount of disability income provided by a compulsory act of law; and
- (D) any periodic primary benefit payment from the Canada or Quebec Pension Plans or other similar social security plan of any country to which the disabled employee is entitled or to which they would be entitled had they applied for such a benefit; and
- (E) any amount of disability income provided by any group or association disability plan to which the disabled employee might belong to or subscribe.

Private or individual disability plan benefits of the disabled employee shall not reduce the benefit from this Plan.

The amount by which the disability benefit from this Plan is reduced by other disability income shall be the amount to which the disabled employee is entitled upon becoming first eligible for such other disability income. Future increases in such other disability income resulting from increases in the Canadian Consumer Price Index or similar indexing arrangements shall not further reduce the benefit from this Plan until the LTD benefit payable is recalculated to reflect current wage rates. [Reference 2A(2)]

Section 6 – Successive Disabilities

If, following a period of total disability with respect to which benefits are paid from this Plan, an employee returns to work for a continuous period of six (6) months or more, any subsequent total disability suffered by that employee, whether related to the preceding disability or not, shall be considered a new disability and the disabled employee shall be entitled to benefit payments after the completion of another waiting period.

In the event the period during which such an employee has returned to work is less than six (6) months and the employee again suffers a total disability that is related to the preceding disability, the subsequent disability shall be deemed a continuation of the preceding disability, and the disabled employee shall be entitled to benefit payments without the necessity of completing another waiting period.

Should such an employee suffer a subsequent disability that is unrelated to the previous disability and provided the period during which the employee returned to work is longer than one (1) month, the subsequent disability shall be considered a new disability and the employee shall be entitled to benefit payments after the completion of another waiting period. If the period during which the employee returned to work is one (1) month or less, the subsequent disability shall be deemed a continuation of the preceding disability and the disabled employee shall be entitled to benefit payments without the necessity of completing another waiting period.

Section 7 – Leave of Absence

Employees on leave of absence without pay may opt to retain coverage under the Plan and shall continue to pay the full premium. Coverage shall be permitted for a period of twelve (12) months of absence without pay, except if such leave is for educational purposes, when the maximum period shall be extended to two (2) years. If any employee on leave of absence without pay becomes disabled, their allowance under this Plan shall be based upon monthly earnings immediately prior to the leave of absence.

Section 8 – Benefits upon Plan Termination

In the event this Long Term Disability Plan is terminated, the benefit payments shall continue to be paid in accordance with the provisions of the Plan to disabled employees who become disabled while covered by this Plan prior to its termination.

Section 9 – Premiums

The cost of this Plan shall be borne by the employee. Payment of premiums shall cease on termination of employment or five (5) months prior to an employee's sixty-fifth (65th) birthday, whichever occurs first.

Section 10 – Waiver of Premiums

The premiums of this Plan shall be waived with respect to the disabled employee during the time such an employee is in receipt of disability payments from this Plan.

Section 11 – Claims

- (a) Long Term Disability claims shall be adjudicated and paid by a claims-paying agent to be appointed by the Plan Trustees. The claims-paying agent shall provide toll free telephone access to claimants. In the event a covered employee or the HSPBA/HBT disputes the decision of the claims-paying agent regarding a claim for benefits under this Plan, the employee or the HSPBA/HBT may request that the claim be re-examined by the claims-paying agent. If the employee disputes the decision, the employee may request to have the claim reviewed by a claims review committee comprised of three independent and qualified medical doctors agreed to by the Claims Adjudication Committee. The decision of the claims review committee is final and binding on all parties.

Written notice of a claim under this Plan shall be sent to the claims-paying agent no longer than forty-five (45) days after the earliest foreseeable commencement date of benefit payments from this Plan or so soon thereafter as is reasonably possible. Failure to furnish the required notice of claim within the time stated shall not invalidate nor reduce the claim if it was not reasonably possible to file the required notice within such time, provided the notice is furnished no later than six months from the time notice of claims is otherwise required.

The Plan Administrator will arrange to have an information brochure prepared to explain the procedures for claims submissions, re-examination and decision review by the medical panel.

Section 12 – Administration

The HSPBA shall have access to any reports provided by HBT and the claims-paying agent regarding experience information.

All questions arising as to the interpretation of this Plan shall be subject to the grievance and arbitration procedures in Article 7 and 8 of the Provincial Collective Agreement.

Section 13 – Provincial Collective Agreement Unprejudiced

The terms of the Plan set out above shall not prejudice the application or interpretation of the Collective Agreement between the Health Employers Association of B.C. and The Health Science Professionals Bargaining Association.

Section 14 – LTD Plan Early Retirement Incentive Provision

The LTD Plan Early Retirement Incentive Benefit is to ensure that the eligible employee will not realise a pension benefit that is less than the pension benefit that they would have been entitled to receive at the normal retirement date, had they not applied for early retirement, regardless of when the early retirement incentive provision is activated (Reference Appendix 32).

- (A) An employee under this Agreement who is:

- (1) eligible for, or who is receiving LTD benefits or who has been in receipt of LTD under this Plan for four years or more;
- (2) eligible for early retirement pension benefits; and
- (3) not eligible for the LTD Plan Rehabilitation Provisions

shall apply for early retirement.

The employee's entitlement to benefits under the LTD Plan shall, provided the employee remains eligible as per the definition of Total Disability, continue during the period of time that their application for early retirement is being processed with their pension plan administrator. In the event that the employee is not eligible for an unreduced pension benefit, they may still be eligible for the LTD Plan Early Retirement LTD Incentive Benefit.

- (B) Entitlement to and the amount of the LTD Plan Early Retirement Incentive Benefit shall be determined by considering the following factors:
- (1) the amount of the monthly pension benefit that the employee would have been entitled to receive if early retirement was not elected;
 - (2) amount of the monthly early retirement benefit that the employee will receive;

If the combination of the Municipal Pension Plan benefit, Canada Pension Plan retirement benefit and any other disability income referred to in Section 4 of the LTD Addendum, results in monthly income of less than the LTD monthly income benefit, then the eligible employee shall be entitled to remain on LTD benefits.

- (C) An employee who is eligible for the LTD Plan Early Retirement Incentive Benefit shall be entitled to receive the benefit in a lump sum, or direct the HBT to any other designate. Re: Provincial Recruitment and Retention

The parties agree that addressing the recruitment and retention of HSPBA members is a priority for the health sector.

The parties also agree that recruitment and retention must contribute to a workplace based on the principles of diversity, equity and inclusion, and support health care system transformation. Recruitment and Retention within the health sector must also be structured to break down barriers to equity and inclusion and extend opportunities widely within diverse, geographic and marginalized communities.

Accordingly, the parties agree to have established a Provincial Healthcare Recruitment and Retention Working Group (the “Working Group”). The Working Group will meet quarterly (or otherwise agreed), and will be composed of:

- (a) One representative from HEABC;
- (b) Two senior level representatives from HEABC member organizations;
- (c) Three representatives from the HSPBA; and
- (d) One senior representative from the Ministry of Health at the Assistant Deputy Minister level or delegate.

HEABC will provide the Working Group with regular workforce data reports. The Working Group will also consider relevant and available aggregate/anonymized data regarding diversity, equity, inclusion, and MOH identified professions.

The Working Group will develop a list of comprehensive recruitment and retention recommendations including but not limited to embedding the principles of accessibility in job creation, hiring, onboarding, accommodation, offboarding, and supporting leadership development, such as employer-sponsored training, career laddering, and upskilling, which will be presented to the Provincial Health Human Resources Coordination Centre (PHHRCC).

To that end, the Working Group will:

- gather all necessary data and information in advance of the Working Group’s meetings;
- engage and consult stakeholders;
- identify issues related to changing models of care that impact health care workers;
- identify initiatives to address recruitment and/or retention issues for the MOH identified target professions, including occupations covered by the HSPBA;

- consider initiatives to foster attractive work environments and foster employee engagement to address identified recruitment and retention issues;
- develop recommendations for education at post-secondary institutions; and,
- consider opportunities for redeployment of workers displaced from the bargaining unit by health system restructuring, and;
- consider any additional initiatives, strategies, and actions to address recruitment and retention issues for HSPBA professions.

Unless otherwise agreed by the parties, this MOA will expire on March 31, 2025.

NOW THEREFORE the parties agree to establish a Joint Benefits Review Committee within sixty (60) days of the ratification of the Collective Agreement which will include representation from each party. Each party will be limited to five (5) representatives.

Re: Seniority Consolidation and Merger of Certifications

This Agreement applies to all Health Authorities and Providence Health Care. All provisions of the Collective Agreement continue to apply except as herein modified.

Each Health Authority/Providence Health Care will create and maintain one merged dovetailed seniority list covering all members of the HSPBA employed within the Health Authority/Providence Health Care.

The consolidation of seniority lists will be completed no later than December 24, 2011 and will be implemented the following pay period (the “implementation date”).

Each Health Authority/Providence Health Care is deemed to be the Employer for the Collective Agreement.

The parties agree to facilitate the creation and administration of single seniority lists as follows:

A) Status

1. Each employee shall be restricted to one status: regular full-time, regular part-time or casual effective the date of implementation.
2. Regular and casual employees may register to work in more than one site as per the Collective Agreement.
3. Regular employees may hold multiple positions provided the employees’ multiple positions do not exceed a total of 1.0 FTE (Subject to B8).
4. Employees who have regular status at one site and have casual status at a different site shall inform their Health Authority/Providence Health Care no later than ninety (90) days prior to the implementation date of which status they wish to maintain and, which they wish to relinquish.
5. The Health Authority/Providence Health Care reserves the right to create casual lists that cover two or more work sites. Casual employees and regular part-time employees currently registered to work in multiple work sites as at the implementation date may continue to be registered on the revised list for the combined work sites.

B) Seniority and Benefits

1. Each Health Authority/Providence Health Care is deemed as the successor Employer to the previous Employers within each individual Health Authority/Providence Health Care.

2. All individual seniority lists for each Health Authority/Providence Health Care will be merged into one new HSPBA single seniority list covering all employees under the HSPBA Provincial Collective Agreement (the "Collective Agreement") for that Health Authority/Providence Health Care on the implementation date. This will be done by "dovetailing" on the basis of overall seniority accumulated at all sites within the Health Authority/Providence Health Care. "Dovetailing" means placing employees on a list in descending order of seniority.
3. Employees who are registered in multiple seniority lists will receive the total seniority earned at all sites to maximum of 1.0 FTE per annum.
4. Regular full-time and part-time employees working 1.0 FTE or less, and casual employees, will continue to accrue seniority and benefit in accordance with the Collective Agreement.
5. Employees who have multiple benefit entitlement dates will retain their most favorable entitlement date on record. The application of this provision shall not result in a benefit entitlement that exceeds their most favorable entitlement on record.
6. Employees with multiple regular positions shall receive the aggregate total of sick leave and special leave banks not to exceed the maximum entitlement(s) in the Collective Agreement.
7. Employees with multiple regular positions will continue to accrue vacation credits based on total straight time hours in accordance with the Collective Agreement.
8. For three (3) years following the date of ratification, an employee may have multiple positions that total more than 1.0 FTE per annum. At least thirty (30) days prior to the end of three (3) years, the employee must relinquish position(s) until the FTE of the position(s) they hold is/are equal to or less than 1.0 FTE per annum.
9. Paid hours for employees working at multiple sites will not be combined for overtime calculation purposes for three (3) years following the date of ratification.
10. Employees required to relinquish position(s) under Clause B(8) shall have the vacation associated with the relinquished position(s) either paid out or scheduled as paid vacation on a one time basis.
11. Employees who have multiple benefit plans will be informed of single plan coverage and receive coverage under one health plan, with the exception of existing LTD claimants. Existing LTD claimants will continue to be covered by the applicable LTD plan in effect as at the time of injury or illness. The application of this provision shall not result in an improved benefit entitlement.
12. Employees will receive payroll information used to create an adjusted seniority date and/or benefit entitlement. The HSPBA will be provided with this information 60 days prior to implementation.

C) Vacancy Posting

1. Each Health Authority/Providence Health Care will post vacancies at each work site within the Health Authority/Providence Health Care and all employees of that Health Authority/Providence Health Care shall be entitled to apply in accordance with Article 9.01. Multi-site positions shall specify the home work site that the position will cover.

2. Employees are not eligible for relocation expenses where they post or access work across work sites.

D) Bumping

See Article 10.05 – Displacement and Bumping.

E) Implementation

1. The Health Authority/Providence Health Care will provide a reasonable amount of Employer-paid union leave for stewards to facilitate the implementation of this Agreement.
2. HSPBA and HEABC (on behalf of the Health Authority/Providence Health Care) will make a joint application to the Labour Relations Board to ensure that this Agreement is reflected in the Consolidated HSPBA Certifications.
3. Any dispute arising out of the interpretation or implementation of this Agreement shall be referred to arbitration.

F) Union Representation

1. Bargaining agent representation, as set out in Attachment C, will continue to apply following the implementation date.
2. Employees transferred/appointed/promoted to a position at a different work site will be represented by the bargaining agent certified to represent the work at that work site.

G) Collective Agreement

1. This Agreement shall not be used to interpret any aspect of the Collective Agreement.
2. Any memorandum with the Health Authority/Providence Health Care and the HSPBA and/or its constituent unions covering items set out in this Agreement shall be modified and replaced by this Agreement unless otherwise agreed.

H) Consequential Amendments

Consequential amendments will be made to the Collective Agreement as necessary.

Re: Classification Redesign Committee

Whereas the classification system was last modified in 1988;

Whereas the parties have a common interest in developing a redesigned classification system which supports and promotes the role of health science professionals;

Whereas the parties have had significant discussions concerning the Employers’ proposal for a Job Profile Classification Plan and the Union’s proposed principles for amending the classification system;

5. The Committee will report back to their respective bargaining committees prior to the expiration of the current collective agreement. The report will identify any joint recommendations of the Committee and any areas where the Committee did not reach consensus.
6. The Committee’s recommendations will only be implemented by mutual agreement of the parties.
7. The Interim Order issued by Arbitrator Hall on September 25, 2012 shall continue to bind the parties during the term of this Collective Agreement and until such time as the parties have agreed to a redesigned classification system to be incorporated into a new collective agreement. Upon ratification of a new collective agreement and, provided that the parties have agreed to a redesigned classification system to be incorporated in that collective agreement, the Memoranda

WHEREAS the CRC has agreed upon a number of components for the new classification system but still has some work to complete; and

WHEREAS it has been recognized that full implementation of a new classification system and corresponding salary structures, as contemplated by the parties, will not be achievable within the fiscal mandate of this round of collective bargaining; and

WHEREAS the CRC has recommended that, until the new classification system can be implemented, any available compensation and classification funds shall be distributed with an aim to:

- Address inequities within the current compensation and classification system;
- Address skills shortages, difficult-to-fill positions and recruitment and retention;
- Facilitate the development of community interprofessional teams;
- Facilitate the modernization and implementation of the new classification system; and

WHEREAS any compensation and classification funds must be distributed in accordance with furthering the 2019 Sustainable Services Mandate to:

- Improving the services people count on;
- Making life more affordable;
- Building a strong, sustainable economy;
- Sustaining, enhancing and modernizing the delivery of services that British Columbians rely on; and

WHEREAS the parties are bound by the fiscal mandate;

THEREFORE, THE PARTIES AGREE THAT:

1. The CRC will complete the development of the new profile-based classification system no later than **March 31, 2019**.
2. As part of the completion of the new profile-based classification system, the CRC will develop and adopt:

(a) A complete job profile classification system including profiles for:

- (i) working level I and supervisor/leadership I;
- (ii) working level II and supervisor/leadership II;
- (iii) supervisory/leadership III; and
- (iv) supervisory/leadership IV;

consistent with the format and level of detail in the agreed upon sample/prototypical full-scope working level profile;

(b) A classification manual and compensation framework [in the case of the working professional II profile, may result in more than one pay level, and in the case of the supervisor/leadership I-IV profiles, may result in differentiated compensation depending on the outcome of (g), below], including classification tools, term definitions, user instructions and guidelines to assist with the classification of roles including in the HSPBA bargaining unit and to eventually replace the Operating Instructions;

(c) Principles for the use of job profiles;

(d) Classification groupings;

(e) A definition of special procedures and a process for identifications of special procedures including the removal of procedures no longer determined to be special;

(f) A Classification Plan Maintenance Agreement, which will include a dispute resolution procedure to replace Article 11 of the Collective Agreement; and

(g) Methodology to revise and standardize the impact of the number of FTE staff supervised on supervisory classification and/or compensation, with gradations/levels based on the number of FTE supervised.

3. At the request of either party the CRC may engage John Kinzie as a facilitator to assist the parties with respect to the process set out above. Should the parties reach an impasse, Mr. Kinzie may provide written binding recommendations before April 1, 2019.

4. HEABC and its Employer members will match existing jobs to profiles by March 31, 2020. The CRC will develop an expedited dispute resolution process for Unions to represent their members who believe that their position has been matched to an incorrect profile. All disputes must be resolved no later than December 31, 2020.

5. The CRC will distribute all available funds as set out within the attached Appendix A.

APPENDIX A

The parties have allocated a fund of \$10,000,000 (the "Fund") for the purposes of moving towards a profile-based, modernized classification and compensation system. The parties recognize that this fund will not be enough to fully implement the new classification and compensation system during the term of this Collective Agreement and have prioritized measures that:

- Support the future implementation of the new system;
- Improve recruitment and retention;
- Support implementation of the Ministry of Health Target Operating Model, including creation of community-based care teams; and
- Address existing inequities.

To this end, within thirty (30) days of ratification of the Collective Agreement, the parties shall draft terms of reference for the establishment of a joint working group to implement the initiatives and to administer the Fund as set out herein (the "Working Group"). It is understood that these initiatives cannot exceed the mandated fiscal envelope on a year-over-year basis, and that the ongoing end rate costs of these initiatives cannot exceed \$10,000,000 at the end of the Collective Agreement term.

With these objectives in mind, the funds shall be applied as follows:

YEAR 1 (effective the first pay period after April 1, 2019)

(a) A new and distinct Diagnostic Medical Sonographer four (4) grade job family shall be established retaining the current Grades III to VI classification level definitions and salary structures applicable to Diagnostic Medical Sonographers and renaming them as Grades I to IV. Further, the Diagnostic Medical Sonographer job family will have appropriate Grade II classifications for Sole Charge and working without general supervision*.

*NB – see provision (r) regarding working without general supervision being subject to the Working Group.

(b) A new and distinct Magnetic Resonance Imaging Technologist four (4) grade job family shall be established retaining the current Grades III to VI classification level definitions and salary structures applicable to Magnetic Resonance Imaging Technologist and renaming them as Grades I to IV. Further, the Magnetic Resonance Imaging Technologist job family will have appropriate Grade II classifications for responsibility for a student, Sole Charge, and working without general supervision*.

*NB – see provision (r) regarding working without general supervision being subject to the Working Group.

(c) A new Miscellaneous Provision applicable to the new Grade IV Diagnostic Medical Sonographer and Magnetic Resonance Imaging Technologist classifications shall be added to the Operating Instructions 2 – Miscellaneous Provisions stating that where the number of FTE in a department/section exceeds the maximum stated in the Grade IV classification definitions by fifty percent (50%) or more, an additional five percent (5%) will be paid above the Grade IV wage rate. In the event of a Grade IV Lead supervising a Grade IV section head who is receiving the additional five percent (5%), the Lead will receive an additional ten percent (10%).

- (d) The classifications and corresponding wage grid levels of all professions/occupations classified in accordance with separate memoranda (i.e. related to establishing wage rates for a profession or occupation, not memoranda particular to single situations) shall be added to the Industry Wide Miscellaneous Rates (IWMR) section of the collective agreement. The Unions and Employers will identify all such existing memoranda and provide them to HEABC, allowing sufficient time for verification. The parties will make best efforts to complete this work by March 31, 2019.
- (e) Staff level IWMR (including those in (d), above) shall be compensated at one (1) grid higher* when assigned to work sole charge or when they are responsible for a student or when assigned to work without general supervision**.

"Staff level" are generally positions that do not work sole charge and are under general supervision (i.e. the job is equivalent to grade 1 jobs in job families). Where there is dispute about whether a position is "staff level", the Working Group will review the job description, Employer organizational charts, and past and current practice of the job to determine if it is appropriately classified as a staff level position.

*Placement at the higher grid level shall be at the rate that results in a minimum monthly increase of \$82.

**NB – see provision (r) regarding working without general supervision being subject to the Working Group.

- (f) For those classifications that have two entry level qualifications (such as Art Therapist, Child Life Specialist, Dental Hygienist, Infant Development Program Consultant, Licensing Officer, Recreation Therapist, Speech-Language Pathologist and Vocational Counsellor) there shall remain two staff level classifications and salary structures, however, for classifications above staff level in such disciplines there shall be only one salary structure (i.e. the higher of the previously existing two). An example of an anomaly may be where a MOU position is classified at a grid level that is inconsistent with other positions in the IWMR (e.g. the position requires a degree but has been classified lower than grid 8). It is agreed that any compensation increases will not be inconsistent with the classification system.
 - To compensate staff level positions that have new provisions for working without general supervision pursuant to this Appendix. The Working Group will first identify such staff level positions working without general supervision and then evaluate the cost of coding up these professionals for the time that they are working without general supervision. The Working Group will determine how fully the applicable compensation levels can be applied and the date that the compensation will be implemented on a go-forward basis.
- (s) The Working Group will investigate and report back to the respective bargaining committees regarding the cost impact of implementing the following prospective language:
- Staff level employees assigned to perform a higher rated job or supervise a student for four hours or less during their shift will be coded up for a minimum of four hours. Where a staff level employee is assigned to relieve in a higher rated job or supervise a student for more than four hours during their shift, the employee will be coded up for the entire shift. It is understood that this change in payroll practice will not, in and of itself, lead to a finding that the employee is performing these duties/tasks for the "majority of the time".
- (t) The Working Group will identify identical jobs performed at different wage rates by one or more professions. Either HSPBA or HEABC may bring forward identical jobs for review by the Working Group. The Working Group will report back to the respective bargaining committees regarding the cost of assigning a single salary structure (the highest) to the jobs found to be identical.

Re: Classification System Implementation

During negotiations of the renewal of the 2006 – 2010 Health Science Professional Collective Agreement the parties created a Joint Classification Committee with the objective of making recommendations to the parties in relation to a new classification system.

The parties agree that the recommendations of the Joint Classification Review Committee are subject to mutual agreement and will only be implemented if there is funding identified in the Provincial Government’s fiscal mandate.

In considering the implementation of these joint recommendations the parties agree that the introduction of the full working level professional is an important priority and the parties will make every reasonable effort to fulfill this priority.

This priority is subject to the allocation of sufficient funding and will be deemed to be satisfied once the wage rate of the full scope working level professional is equal to the existing Grade II rate of pay.

THIS APPENDIX APPLIES ONLY TO EMPLOYEES WHO WERE SUBJECT TO CHANGES MADE PURSUANT TO THIS APPENDIX BETWEEN APRIL 1, 2011 AND SEPTEMBER 25, 2012.

Re: Interim Classification Modifications

During the negotiations for the renewal of the 2006 – 2010 Health Sciences Professional Collective Agreement the parties made a commitment to improve the classification system. In order to fulfill this commitment the parties agree to establish a classification committee to make recommendations to the parties regarding the modernization of the classification system.

While the classification committee is fulfilling its objectives and pending the implementation of these recommendations, the parties have agreed to apply the following interim measures:

Operating Instructions

- The requirement of Paragraph 3(a) for each Health Science Professional department to have a Lead Health Science Professional is suspended.
- The requirements of Paragraph 3(b) are modified to read:
Where there is no Lead Health Science Professional, the most senior ranked Health Science Professional(s) within the Health Science Professional department, as determined by the Employer, will be classified in accordance with the Provisions of the Wage Schedule, Section 1 (Wage Schedule).
- Paragraph 3(c) is deleted.

General Supervision

- The Classification Definition of “General Supervision” is suspended and the following interim definition will be operative:

All Grade I positions will have access to a supervisor in the Health Authority/Health Organization in their own discipline for clinical guidance where necessary. Such access does not need to be provided on-site and may be provided in-person or by email, telephone or other means of communication.

Supervisors who provide clinical guidance under the interim definition of “General Supervision” will not, by virtue of that responsibility alone, be classified or coded up to a higher classification.

The interim definition of "General Supervision" will apply to the grade definitions in the Job Families and to those Industry-Wide Miscellaneous Rates and memorandums that expressly include references to "working without general supervision".

For Industry-Wide Miscellaneous Rates and memorandums that do not specifically reference "working without general supervision" as a basis for compensation, the interim definition of "General Supervision" and the application of "working without general supervision" do not apply.

- The provisions of Article 10.04(b) apply to employees assigned to a lower-rated position as a direct result of the implementation of the new definition of "General Supervision" provided the employee remains in the position.

Note: the Classification Definition of "General Supervision" is amended to include a note referencing this Memorandum.

Re: Early Accommodation Measures for Employees

The parties agree that the long-term health of injured and disabled workers benefits from timely and proactive measures that meet their medical restrictions to keep them working, or results in their early return to work from long-term disability (LTD). To that end, the parties agree that:

- 1) During the LTD qualifying period, employees who are permanently disabled from their own job may be accommodated into an available position that is not less than eighty percent (80%) of their pre-disability earnings. However, in the event the employee is unable to continue working in their accommodated position in the subsequent six (6) month period due to the same or related medical condition, the pre-disability position will continue to be applicable for the purposes of adjudication and calculation of any claim for LTD.
- 2) During the first twenty-four (24) months of LTD benefits, employees who are permanently disabled from their own job may be accommodated into an available position that is not less than seventy-five percent (75%) of their pre-disability earnings. However, in the event an employee is unable to continue working in their accommodated position during the twenty-four (24) month period of benefit entitlement, due to the same or related medical condition, the pre-disability position will continue to be applicable for the purposes of the adjudication and calculation of any claim for LTD during that twenty-four (24) month period.

Re: Transition to 37.5 Hour Work Week

During collective bargaining the parties agreed to a thirty seven and one-half (37.5) hour work week.

The Employer agrees that this will not result in any layoffs for health science professionals and will be done in a manner that minimizes the impact of these changes on individual health science professional’s employment and security.

It is recognized that in many areas it will be necessary to revise the rotations and/or shift schedule in order to implement the thirty seven and one-half (37.5) hour week. The parties commit to work together to ensure a smooth transition as a result of changes to rotations and/or shift schedules due to increased hours of work.

In order to minimize impact of the transition to the thirty seven and one-half (37.5) hour work week, the Employer agrees to consider the following options:

- a) Regularization of casual and overtime hours (part-time or full-time basis), such as creating built in vacation relief.
- b) Use of current vacancies to maintain current part-time employee's hours of work.
- c) Offer job shares as per Appendix 8.
- d) Other options as mutually agreed between the Union and the Employer.

The Employer and the Union agree to develop a process to expedite the building of the rotations and/or shift schedules.

Re: Requirement to Join and Maintain Membership in Professional Bodies as a Condition of Employment

WHEREAS:

- A. Employers represented by HEABC at times required employees represented by the Union to become members of various professional bodies as a condition of employment;
- B. Employers at times incorporated this requirement into job descriptions;
- C. The Union grieved the ability of the Employers to require employees represented by the Union membership to join and maintain membership in professional bodies as a condition of employment;
- D. The Union filed several grievances in respect of job descriptions that referenced mandatory membership in a professional body as a condition of employment; and
- E. The parties have agreed to settle all matters arising from the above grievances on the following terms.

Therefore HEABC and HSA agree as follows:

- 1) This agreement, including the definitions contained within it, (together referred to herein as the "Agreement") is made on a without prejudice basis to the positions either party may adopt or advance at subsequent bargaining.
- 2) In this Agreement and only for the purposes of this Agreement, the following terms are deemed to have the meanings that are set out below each term:
 - i) Professional Association
An organization representing the interests of a particular profession through various activities including but not limited to education, certification, professional development, publications, knowledge resources, conferences, research or networking.
 - ii) Licensure
A process required by law where a regulatory body permits individuals who possess the necessary credentials and/or qualifications to engage in a particular occupation or profession and/or to use a particular title. In certain professions, licensure and registration (see below) might be synonymous terms.
 - iii) Certification

A process to ensure individuals have achieved entry-level competency (skills, knowledge, education) to practice their profession. Measurement of competency can include but is not limited to examination (written or oral), minimum work experience and/or educational requirements.

Certification is not intended to assure appropriate professional conduct or continued competency once an individual is deemed certified and practicing.

Certification can be a one-time process (i.e. once certified always certified) or an on-going process where certification must be maintained by meeting specified criteria such as annual continuing education credits or clinical hour requirements.

Certification can be offered through a professional association (see above) or through another certifying body.

iv) Registration

A process whereby a group of professionals establish, maintain, and enforce standards of practice, standards of conduct and competency to ensure individuals practicing in their designated profession are doing so in a competent and professional manner at all times.

Registration can be mandatory (see "Licensure" above) or voluntary.

v) Membership

The process whereby an individual joins a professional association (see above) by meeting pre-defined membership requirements and paying annual dues.

- 3) Employers can continue to require certification as a condition of employment.
- 4) The Employer, in its sole discretion, may bear the cost of employees' membership in a professional association. Other than in circumstances where membership in a professional association is required for statutory, regulatory or accreditation purposes, as described in Paragraph 7 below, if an Employer requires membership in a professional association, the cost of the membership will be borne by the Employer.
- 5) Employers can continue to require that employees meet the eligibility requirements for membership in an applicable professional association.
- 6) This Agreement does not in anyway diminish an Employer's right to continue an existing practice related to those professions that, currently or in the future, are required by professional statutes to be registered in order to practice the profession.
- 7) It is not the intention of this Agreement to reduce or otherwise negatively impact an Employer's ability to fulfill its mandated service expectations. It is recognized that in certain instances, a statute, regulation or accrediting body may require registration or membership in a particular professional association. Current practices in these circumstances are not impacted by this agreement. If, during the life of this Agreement, a new obligation arises from an accrediting body for the Employer to require other than certification and eligibility for membership, the Employer, HEABC and the Union will meet to address the specific circumstances and find a resolve. The Employer acknowledges that requirements for membership by an accrediting body have typically arisen in the context of educational initiatives that require membership of program staff.

It is typically obligations of this nature that are contemplated under the term "new obligations" in this Agreement. If they are not able to reach agreement, a mutually agreed arbitrator will be appointed to assist the parties up to and including expedited arbitration.

- 8) HSPBA will continue to encourage its members to actively participate in their respective professional association.
- 9) Future job descriptions will reflect the terms of this agreement. Any inconsistencies between existing job descriptions and this agreement will be governed by this agreement.

Re: Expedited Arbitration Process for Classification

1. All Article 11 grievances shall be considered suitable for expedited arbitration. Where it is mutually agreed that multiple grievances pertain to the same issue, such grievances will be consolidated. The arbitrator may determine that a dispute is not appropriate for expedited arbitration and that a full hearing is required as per Article 8.
2. The expedited arbitration process outlined below shall be utilised for all classification grievances filed up until the time of the implementation of a new classification system or April 1, 2016, whichever is sooner. The process may be continued by mutual agreement.
3. A representative of HEABC and the Union shall meet monthly, or as often as is required, to review the outstanding grievances and assign named arbitrators on a rotational basis. The location of the hearing will be at a location central to the geographic area in which the dispute arose.
4. Following the parties' disclosure of all relevant documents, exchange of particulars of their respective case, including the current classification, the rationale for the current classification, the classification sought and the proposed rationale for reclassification and the resolve each party is seeking, and at least one month prior to the hearing, the parties will prepare a joint statement of the agreed/disputed facts.
5. On a rotational basis, the parties shall use Joan Gordon, John Kinzie, and Vince Ready (or other mutually agreed arbitrator) as sole arbitrators.
6. The process is intended to be informal, although HEABC may be used to represent the Employer. Outside legal counsel will not be used to represent either party.
7. All presentations are to be short and concise and are to include a comprehensive opening statement clearly stating the expected resolve. The parties agree to make limited use of authorities during their presentations.
8. The number of witnesses shall be limited and shall only be called to give evidence where the arbitrator deems it necessary to resolve a conflict of facts.
9. Where the parties mutually agree that an in-person hearing is not necessary to resolve the dispute, the parties may proceed by way of written submission and/or teleconference.
10. Prior to rendering a decision, the arbitrator may assist the parties in mediating a resolution to the grievance. Where mediation fails, or is not appropriate, a decision shall be rendered as contemplated herein.

11. All decisions of the arbitrator are to be limited in application to that particular dispute and are without prejudice. No written reasons for the decision shall be provided beyond that which the arbitrator deems appropriate to convey the decision. These decisions shall have no precedential value and shall not be referred to by either party in any subsequent proceeding or in any discussions or processes relating to the creation or implementation of a new classification system.
12. All settlements of proposed expedited arbitration cases made prior to hearing shall be without prejudice.
13. The parties shall equally share the costs of the fees and expenses of the arbitrator.
14. The expedited arbitrator shall have the same powers and authority as an arbitration board established under the provisions of Article 8 of the HSPBA/HEABC Provincial Agreement and under the *Labour Relations Code*.
15. It is understood that it is not the intention of either party to appeal a decision of an expedited arbitration.

Re: Early Retirement Incentive Benefit

The parties agree to the following changes to the Early Retirement Incentive Benefit:

Notwithstanding the current Early Retirement Incentive Benefit (ERIB) provision contained in the, Collective Agreement, the parties agree to enhance and support efforts to increase the uptake of ERIB by eligible employees.

It is agreed that:

- The Union will be provided with the information necessary in order to contact potentially eligible employees, three months prior to their earliest possible eligibility.
- The Union will contact employees on the list referenced above to explain how the ERIB provision works and to encourage employees to provide the necessary authorization to determine their eligibility.
- Employees who apply for ERIB may choose to continue to maintain the Extended Health Benefit plan and Dental plan coverage to age 65. The premiums will be cost shared by the Employer and employee on a 50-50 basis provided the employee pays their portion of the premium for such coverage in advance, on a monthly basis (See Appendix 10 Section B (5.2) and Appendix 11 Section I(B) and Appendix 12 Section I(B)).

In order to expedite the processing of ERIB applications, it is further agreed that ERIB packages will be prepared and sent out at least four times per year, timing to be determined by mutual agreement of the parties.

Re: Improving Quality and Safety through the Appropriate Use of On-call and Call-backs

Whereas the parties recognize that the work of Health Science Professionals is often critical in the care of patients*, and as such Employees are often required to be on-call and to be called back to work to perform procedures or work that cannot wait until the next regularly scheduled shift.

And whereas the parties recognize that being on-call and being called back to work can have an impact on an employee’s personal life and that call-backs can negatively impact on the amount and quality of sleep an employee may achieve.

And whereas the parties share a concern that insufficient sleep affects employees and may affect patient safety and quality of care.

And whereas the parties recognize that the appropriate use of on-call service and call-backs will contribute to employee health, wellness and quality of life, occupational safety, the provision of safer care for patients and better utilization of health budgets, and these goals are consistent with the Institute for Healthcare Improvement (IHI) Triple Aim for quality improvement (improved quality or safety, improved provider satisfaction, improved per capita cost of care).

And whereas the parties have agreed to create a process whereby employees may request a meeting to discuss instances in which they believe a pattern or recurring incidents of unwarranted call-back occurred (Reference Article 28.03).

Now therefore the parties have a mutual interest in the appropriate use of call-backs. Call-backs should be limited to situations requiring emergent or urgent care. It is the intent of the parties to increase awareness of existing Employer developed review processes, and to develop review processes where none exist and the volume is appropriate.

The following definitions are offered as a guideline for work that may result in a call-back.

Emergent Care is required when the failure to provide the services of the Health Science Professional could result in an immediate, serious negative impact on the health of the patient.

Urgent Care is required when the failure to provide the services of the Health Science Professional, before the next regularly scheduled shift, could result in a decline in the health of a patient or irreparable harm as a result of care not being provided within a defined window of opportunity.

The following are provided as examples of circumstances when a call back should not normally be used to provide the services of a Health Science Professional.

- Where the patient's condition does not meet the definition of either Emergent or Urgent Care and the health practitioner seeks the provision of the service in time for the conclusion of their shift
- Where the patient's condition does not meet the definition of either Emergent or Urgent Care and the health practitioner orders a service provided by an HSP, to prevent a return trip by the patient

Re: Health Sciences Strategic Relations Committees (the “Committees”)

The Parties to this agreement are the HSPBA and the HEABC. The Parties have a shared commitment to work collaboratively through consultation to address issues relating to HSPBA employees within the context of HEABC Employers’ (the “Employer”) service delivery changes, workforce planning, and labour relations issues. To advance this commitment, the Parties agree to the value of establishing Health Sciences Strategic Relations Committees between the Union and the Employer at the local level.

The purpose of the Committees shall be to discuss developments and potential initiatives which may have a significant impact on the members of the HSPBA, and to develop collaborative approaches and timely resolutions to recurring workplace issues or issues arising at multiple worksites.

The Committees will be established as follows:

1. The frequency of the meetings will be determined by the Committees based on the size and structure of the Employer.
2. For the purposes of this work, consultation means seeking advice from, listening to, and acknowledging the mutual concerns of the Union and the Employer.
3. The Committees may be used to discuss recruitment and retention strategies at the local level, engage in workforce planning discussions and information sharing, and implementation of approved initiatives. The Committees may meet to discuss issues and resolve disputes, including policy applications, before they become grievances, and to schedule case management meetings.
4. The establishment of the Committees will not replace the current local level committees and processes that address issues related to individual grievances, local Joint Occupational Health and Safety Committee meetings, local Labour Management meetings, or consulting obligations that arise elsewhere in the collective agreement or under relevant legislation (for example, Section 54 of the Labour Relations Code, [RSBC 1996] Chapter 244).
5. The Committees will have equal representation from both the Union and the Employer and must include senior representatives with decision making authority. Other representatives or participants may be included to assist or provide expertise, as mutually agreed by the Committee members.

6. The Union and the Employer will determine the agenda which will be circulated to all attendees in advance of each meeting.
7. The Committees will meet within 60 days of ratification to discuss a schedule for meetings. Additional meetings may be set outside the schedule if required.
8. 90 days prior to the expiration of the collective agreement an evaluation will be conducted by the Parties who will make recommendations to improve the effectiveness of the Committees.
9. This Memorandum of Understanding will expire on March 31, 2025 or unless expressly agreed to by the Parties.

Re: Compensation Bargaining Comparability

1. If the net total compensation increase in the 2014 collective bargaining settlement between the Public Service Agency and the BCGEU or HEABC and the NBA exceeds the net total compensation increase in the HSPBA settlement for the corresponding period, wage rates in the HSPBA collective agreement will be adjusted by an across-the-board percentage increase so that the net total compensation increase of the HSPBA settlement is equal to the net total compensation increase of the higher of the BCGEU or NBA settlements.
2. "Net total compensation increase" means in each instance the amount calculated as such by the PSEC Secretariat and reported by the Secretariat to the Minister of Finance.
3. For clarity, it is understood that the PSEC Secretariat's calculation and reporting of a net total compensation increase to the Minister of Finance:
 - (a) Will not include wage comparability adjustments, labour market adjustments approved by the PSEC Secretariat or adjustments to include LPNs within the NBA collective agreement; and
 - (b) Will be net of the value of any change to their collective agreements which were agreed by the BCGEU, the NBA or the HSPBA (as the case may be) to obtain a compensation adjustment.

Re: Public Sector General Wage Increases

As part of the Memorandum of Settlement between HEABC and the HSBPA to renew the 2014 - 2019 HSPBA Collective Agreement, the parties also agree to the following:

1. If a public sector employer as defined in s. 1 of the Public Sector Employers Act enters into a collective agreement with an effective date after December 31, 2018 and the first three years of the collective agreement includes a cumulative nominal (i.e.: not compounded) general wage increase of more than 6%, the general wage increase in the 2019 - 2022 Collective Agreement will be adjusted on the third anniversary of the 2019 - 2022 Collective Agreement so the cumulative nominal general wage increases are equivalent. This Letter of Understanding is not triggered by any general wage increase awarded via binding interest arbitration.
2. A general wage increase and its magnitude in any agreement is as defined by the Public Sector Employers' Council Secretariat and reported by the Secretariat to the Minister responsible for the Public Sector Employers Act.
3. For clarity, a general wage increase applies to all bargaining unit members and does not include wage comparability adjustments, targeted low wage redress adjustments, labour market adjustments, service improvement allocations, and is net of the value of any changes agreed to by a bargaining agent for public sector employees to obtain a compensation adjustment.
4. This Letter of Understanding will be in effect during the term of the 2019 - 2022 Collective Agreement.

Re: Public Sector General Wage Increases

1. If a public sector employer, as defined in s. 1 of the Public Sector Employers Act, enters into a collective agreement with an effective date after December 31, 2021 and the first three years of the collective agreement under the Shared Recovery Mandate includes cumulative nominal (not compounded) general wage increases (GWIs) and Cost of Living Adjustments (COLAs) that, in accordance with how GWIs are defined and calculated in this MOA, are paid out and exceed the sum of the GWIs and COLAs that are paid out in the Collective Agreement, the total GWIs and COLAs paid out will be adjusted on the third anniversary of the collective agreement so that the cumulative nominal (not compounded) GWIs and COLAs are equivalent. This Memorandum of Agreement (MOA) is not triggered by any wage increase or lump sum awarded as a result of binding interest arbitration.
2. For the purposes of calculating the general wage increases in paragraph 1:
 - (a) a \$0.25 per hour flat-rate wage increase for employees with their hourly wage rates set out in the Collective Agreement; or
 - (b) any alternative flat-rate wage increase for employees whose hourly wage rates are not set out in the Collective Agreement that is determined by the Public Sector Employers’ Council Secretariat to be roughly equivalent to a \$0.25 per hour flat-rate wage increase;

shall be considered to be a 0.5% general wage increase, notwithstanding what it actually represents for the average bargaining unit member covered by the Collective Agreement. For clarity, under paragraph 2 a), the combined GWIs of \$0.25 per hour and 3.24% in Year 1 are considered to be a single increase of 3.74% for this MOA. For example purposes only, combining the 3.74% increase (as it is considered in this MOA) in Year 1 with the maximum potential combined GWI and COLA increases of 6.75% in Year 2 and 3% in Year 3 would result in a cumulative nominal increases of 13.49% over three years.
3. For certainty, a general wage increase is one that applies to all members of a bargaining unit (e.g. everyone receives an additional \$0.25 per hour, \$400 per year, or 1% increase) and does not include wage comparability adjustments, lower wage redress adjustments, labour market adjustments, flexibility allocations, classification system changes, or any compensation increases that are funded by equivalent Collective Agreement savings or grievance resolutions that are agreed to in bargaining.
4. A general wage increase and its magnitude in any agreement is as confirmed by the Public Sector Employers’ Council Secretariat.

5. This MOA will be effective during the term of the Collective Agreement.

Re: Economic Stability Dividend

Definitions

1. In this Letter of Agreement:

"Collective agreement year" means each twelve (12) month period commencing on the first day of the renewed collective agreement. For example, the collective agreement year for a collective agreement that commences on April 1, 2014 is April 1, 2014 to March 31, 2015 and each period from April 1 to March 31 for the term of the collective agreement.

"Economic Forecast Council" means the Economic Forecast Council appointed under s. 4 of the *Budget Transparency and Accountability Act*, [S.B.C. 2000] c. 23;

"Forecast GDP" means the average forecast for British Columbia's real GDP growth made by the Economic Forecast Council and as reported in the annual February budget of the government;

"Fiscal year" means the fiscal year of the government as defined in the *Financial Administration Act* [1996 S.B.C.] c. 138 as 'the period from April 1 in one year to March 31 in the next year';

"Calendar year" is a twelve (12) month period starting January 1st and ending December 31st of the same year based upon the Gregorian calendar.

"GDP" or "Gross Domestic Product" for the purposes of this LOA means the expenditure side value of all goods and services produced in British Columbia for a given year as stated in the BC Economic Accounts;

"GWI" or "General Wage Increase" means a general wage increase resulting from the formula set out in this LOA and applied as a percentage increase to all wage rates in the collective agreement on the first pay day after the commencement of the eleventh (11th) month in a collective agreement year;

"Real GDP" means the GDP for the previous fiscal year expressed in constant dollars and adjusted for inflation produced by Statistics Canada's Provincial and Territorial Gross Domestic Product by Income and by Expenditure Accounts (also known as the provincial and territorial economic accounts) and published as "Real Gross Domestic Product at Market Prices" currently in November of each year.

The Economic Stability Dividend

2. The Economic Stability Dividend shares the benefits of economic growth between employees in the public sector and the Province contingent on growth in BC's real GDP.

3. Employees will receive a general wage increase (GWI) equal to one-half (1/2) of any percentage gain in real GDP above the forecast of the Economic Forecast Council for the relevant calendar year.
4. For greater clarity and as an example only, if real GDP were one percent (1%) above forecast real GDP then employees would be entitled to a GWI of one-half of one percent (0.5%).

Annual Calculation and Publication of the Economic Stability Dividend

5. The Economic Stability Dividend will be calculated on an annual basis by the Minister of Finance for each collective agreement year from 2015/16 to 2018/19 and published through the PSEC Secretariat.
6. The timing in each calendar year will be as follows:
 - (a) February Budget – Forecast GDP for the upcoming calendar year;
 - (b) November of the following calendar year – Real GDP published for the previous calendar year;
 - (c) November – Calculation by the Minister of Finance of fifty percent (50%) of the difference between the Forecast GDP and the Real GDP for the previous calendar year;
 - (d) Advice from the PSEC Secretariat to Employers' associations, Employers and unions of the percentage allowable General Wage Increase, if any, for each bargaining unit or group with authorization to Employers to implement the Economic Growth Dividend.
7. For greater clarity and as an example only:

For collective agreement year 3 (2016/17):

 - (a) February 2015 – Forecast GDP for calendar 2015;
 - (b) November 2016 – Real GDP published for calendar 2015;
 - (c) November 2016 – Calculation of the fifty percent (50%) of the difference between the 2015 Forecast GDP and the 2015 Real GDP by the Minister of Finance through the PSEC Secretariat;
 - (d) Direction from the PSEC Secretariat to Employers' associations, Employers and unions of the percentage allowable General Wage Increase, if any, for each bargaining unit or group with authorization to Employers to implement the Economic Growth Dividend.

Availability of the Economic Stability Dividend

8. The Economic Stability Dividend will be provided for each of the following collective agreement years: 2015/16 (based on 2014 GDP); 2016/17 (based on 2015 GDP); 2017/18 (based on 2016 GDP); and, 2018/19 (based on 2017 GDP).

Allowable Method of Payment of the Economic Stability Dividend

9. Employers must apply the Economic Stability Dividend as a percentage increase only on collective agreements wage rates and for no other purpose or form.

Re: Cost of Living Adjustment

Definitions

“General Wage Increase” or “GWI” means the overall general wage increase expressed as a percentage.

“Cost of Living Adjustment” or “COLA” means a percentage-based general wage increase adjustment provided in accordance with this Memorandum of Agreement. COLA is an upward adjustment applied to and folded into all wage rates.

The “annualized average of BC CPI over twelve months” (AABC CPI) means the Latest 12- month Average Index % Change reported by BC Stats in March for British Columbia for the twelve months starting at the beginning of March in the preceding year and concluding at the end of the following February.

The “Latest 12-month Average Index”, as defined by BC Stats, is a 12-month moving average of the BC consumer price indexes of the most recent 12 months. This figure is calculated by averaging index levels over the applicable 12 months.

The Latest 12-month Average Index % Change is reported publicly by BC Stats in the monthly BC Stats Consumer Price Index Highlights report. The BC Stats Consumer Price Index Highlights report released in mid-March will contain the applicable figure for the 12-months concluding at the end of February. The percentage change reported by BC Stats that will form the basis for determining any COLA increase is calculated to one decimal point. For reference purposes only, the annualized average of BC CPI over twelve months from March 1, 2021 to February 28, 2022 was 3.4%.

COLA

The COLA will be applied as applicable to the GWI effective on the first pay period after April 1, 2023 and April 1, 2024. The COLA will be calculated by determining the difference between the AABC CPI and the annual general wage increase to the maximum COLA prescribed that year in Wage Schedule – Grids.

April 2023

If the 2023 AABC CPI exceeds the April 2023 GWI of 5.5%, then, on the first pay period after April 1, 2023 the April 2023 GWI will be adjusted upwards to reflect a COLA equal to the difference between the April 2023 GWI and the 2023 AABC CPI up to a maximum of 1.25%.

April 2024

If the 2024 AABC CPI exceeds the April 2024 GWI of 2.0%, then, on the first pay period after April 1, 2024 the April 2024 GWI will be adjusted upwards to reflect a COLA equal to the difference between the April 2024 GWI and the 2024 AABC CPI up to a maximum of 1.00%.

5. HEABC, HSPBA and their respective members on the Working Committee will maintain strict confidentiality in respect of the data.
6. It is a condition of this agreement that HEABC shall pay \$400,000 to HSPBA over the term of this agreement for costs incurred by the HSPBA in regard to their participation in the Working Committee and the establishment and formation of the JHSBT. Any excess costs incurred by the HSPBA will be funded by the JHSBT.

Co-governance of the Trust

7. The JHSBT will be governed by a board of trustees with an equal number of trustees appointed by each of HEABC and the HSPBA. The HSPBA shall be responsible for determining the processes to select and appoint the trustees to be appointed by HSPBA.

The Benefits Funding will be transferred to, and be administered by, the JHSBT commencing April 1, 2016.
10. For clarity, the Parties, through the Working Group, will agree upon a reference period to determine the fixed percentage using the following formula: actual Employer cost of benefits divided by total straight time payroll.
11. The Parties agree that the percentage determined for Benefits Funding pursuant to paragraph 9 shall remain fixed for the period April 1, 2016 to March 31, 2019 and will be subject to renegotiation under any renewal collective agreement.
12. HEABC will ensure interim funding as necessary for the JHSBT between April 1, 2016 and October 1, 2017. The Working Group may enter into negotiations to effect an asset and liability transfer from HBT.
13. The HEABC will indemnify and save harmless the HSPBA, its constituent unions, and the JHSBT from any and all claims from HBT, the HEABC or the Government of the Province of British Columbia, including any exit levies from HBT or any other person or entity.
14. In the event the Parties are unable to reach agreement on the Benefits Funding by December 31, 2015, the matter will be determined by binding decision of Vince Ready.

Employer LTD Risk Obligation

15.
 - (a) "Wage increases" in this clause mean general wage increases, comparability wage increases and Economic Stability Dividend increases.
 - (b) If the cost of LTD benefits as a result of utilization exceeds the growth in LTD costs resulting from wage increases:

 - (ii) For April 1, 2018 to March 31, 2019, the increase above wage increases over the period from April 1, 2017 to March 31, 2018;
 - (c) Health Employers will pay to the JHSBT an amount equal to the first two-percent (2.0%) of the increased utilization cost of LTD benefits and fifty percent (50%) of the costs resulting from increased utilization that exceed four percent (4%).

Benefit Procurement

16. Until March 31, 2017, the JHSBT must obtain coverage through the Healthcare Benefit Trust and thereafter the JHSBT may obtain coverage through alternative providers.

Benefits

17. Subject to available funding, the trustees of the JHSBT can redesign the benefits.

Discretionary appointment to the HBT Board

18. Subject to the approval of the HEABC as settlors of the HBT, the trustees of the JHSBT may designate one HEABC trustee and one HSPBA trustee to serve as trustees of the Healthcare Benefit Trust.

Dispute Resolution

19. HEABC and HSPBA agree that any issue whatsoever relating to the interpretation, application or alleged violation of this Memorandum shall be remitted to Vince Ready for binding determination. For clarity, Mr. Ready's jurisdiction includes any disputes arising out of the Working Group up to and including the date on which the JHSBT is fully operational.

Re: PharmaCare Tie-In

1. In this Memorandum, “eligible beneficiary” means an employee enrolled in the benefit plans or their enrolled dependent as provided for under the collective agreement.
2. In the 2012/14 collective agreement, HEABC and the HSPBA agreed to implement a relationship between benefit plan funding of prescription drugs generally called the “PharmaCare tie-in”.
3. The cost of prescription medications listed on the PharmaCare formulary will be covered 100%. In addition, the parties have agreed to adjust the PharmaCare tie-in so that:
 - (a) an eligible beneficiary pays fifty percent (50%) of the cost of prescription drugs that are not included within the PharmaCare formulary. The other fifty percent (50%) will be paid by the Extended Health Care Plan.
 - (b) an eligible beneficiary pays fifty percent (50%) of the cost of prescription drugs that require PharmaCare Special Authority approval. In the event Special Authority approval is received after the purchase of prescription medication, upon submission of Special Authority approval documentation to the benefit provider, the beneficiary will receive retroactive reimbursement of the unpaid 50%.
 - (c) when an eligible beneficiary applies for, and receives PharmaCare Special Authority approval and submits a copy of the approval documentation to the benefit provider prior to purchasing prescription medication, the beneficiary will receive 100% coverage of prescription cost for the duration of the Special Authority.

This cost sharing arrangement will be effective retroactive to September 1, 2013.

4. This cost-sharing arrangement will be included within the responsibilities and funding of the Joint Health Sciences Benefit Trust and will continue under the Trust unless or until the trustees of the JHSBT make amendments or until amended through subsequent collective bargaining.

Re: Working Group on Workload

Whereas the nature of health care is such that there will be predictable and unpredictable fluctuations in patient care and service delivery needs;

Whereas the parties recognize that workload that is consistently excessive can contribute to staff illness/injury, turnover, and attrition;

Whereas the parties recognize the importance of workload assessment which may include, but is not limited to, patient and client needs assessment, process efficiency studies, caseload volume tracking, analysis of operational data and intervention tracking;

Whereas the parties recognize the importance of dialogue and collaboration between employees and the Employer in an open and supportive manner to proactively identify, assess and strategize methods to address workload issues;

Whereas the parties recognize the Employer’s responsibility to determine the appropriate action and communication to all relevant stakeholders;

Whereas the parties established the Working Group on Workload (“WGW”) during the 2019-2022 Collective Agreement to develop, produce and support the implementation of guidelines.

Whereas the WGW completed and distributed the Workload Guideline. The Workload Guideline includes tools, resources and recommendations to support orientation, utilization and evaluation of the Workload Guideline.

Therefore, the parties agree as follows:

1. The parties will re-establish the collaborative WGW to continue the work of improving workload related issues and broader implementation of the tools and strategies developed;
2. The WGW is a proactive, solution-focused group chaired by HEABC and with equal representation between the parties. The WGW has an approved Terms of Reference which identifies the participants from both the Employers and HSPBA;
3. The WGW is provided with project management support which may include administrative support and resources for the distribution of broad based educational and communication strategies for Employers and employees;
4. Complete a review and evaluation of the Workload Guideline one year after ratification. Timelines are subject to change upon mutual agreement of the parties.

Re: Days Of Cultural Or Religious Significance Pilot Project Working Group

1. The parties agree that many of the current recognized holidays under Article 21 are centered around Christian and/or colonial holidays and are therefore not meaningful or significant to many of the diverse people in our societies.

In the spirit of equity, decolonization, and inclusion the parties agree to strike a working group to both design and oversee the implementation of a pilot project that will assess resources and other commitments needed to grant flexible cultural or religious days of significance to employees:

(a) The working group will consist of six (6) participants with three (3) appointed by the Employer, one (1) of which will be a senior operational leader with appropriate decision-making authority for the Employer, and three (3) will be appointed by the Union, one (1) of which will be a Senior Union Officer or their representative, who has appropriate decision-making authority for the Union.

(b) The working group will design and seek to implement a pilot project to allow employees of diverse faith or cultural backgrounds to exchange recognized holidays under Article 21 for days of significance to them.

(c) The Working Group will meet within ninety (90) days of ratification of the collective agreement, and will continue to meet no less than once every thirty (30) days, or as agreed by the working group.

(i) The pilot project will consider at least three (3) areas/locations: one large, one small and one affiliate/community area/location, or as identified by the working group.

(ii) The working group will ensure that the pilot project will commence at the three designated areas/locations by January 1, 2024, or such other date as agreed by the working group.

(iii) The pilot project will include all recognized holidays under Article 21, subject to determination by the working group.

(iv) The pilot project will not affect the aggregate entitlement to days off or pay for the pilot participants.

(v) The working group will assess and evaluate the effectiveness of the pilot and report back to the parties on or before March 31, 2025.

Re: Ceremonial, Cultural, Spiritual and Bereavement Leave for Indigenous Employees

Indigenous employees have a right to manifest, practice, develop and teach their spiritual and religious traditions, customs and ceremonies and may require leave from work to exercise these rights.

Definitions:

A ceremonial, cultural, or spiritual event under this section includes any event that is significant to an Indigenous employee’s culture. Examples of significant cultural events include, but are not limited to, Hoobiyee, Pow-wows, Sundance, participation in a sweat lodge, coming of age events, feasts or ceremonies held following a significant family event (including the death of a family member).

“Family” for the purposes of accessing Bereavement leave includes an Indigenous employee’s family as defined by Article 15, as well as an Indigenous elder*, or any individual an Indigenous employee considers family consistent with their Indigenous cultural practices.

* An Indigenous elder is designated as such by their community.

- (a) Effective April 1, 2022, an Indigenous employee may request up to two (2) days of leave per calendar year without loss of pay to participate in ceremonial, cultural, or spiritual event(s). The leave may be taken in one or more blocks of time. Where such leave is requested, the leave shall not be unreasonably denied. Leave under this provision is in addition to an Indigenous employee’s entitlement to leave under Article 15 - Bereavement Leave as applicable (and per the expanded definition of “immediate family”, above). The number of days shall be increased to three (3) days per calendar year effective January 1, 2023 and five (5) days per calendar year effective January 1, 2024.
- (b) Where an Indigenous employee requires more than the days of leave in a) above for a ceremonial, cultural, or spiritual event, the leave shall not be unreasonably denied. This additional leave is unpaid, however, an employee may draw from their available vacation and overtime banks, as applicable (and per the expanded definition of “immediate family,” above).
- (c) When requesting the leave, particularly for annual or recurring ceremonial, cultural, or spiritual events, the employee will provide as much advanced notice to the Employer as possible; for unexpected ceremonies or events, the employee will make every effort to provide at least seven (7) calendar days’ notice of the leave.

Re: Recruitment and Retention of Indigenous Workers

1. The parties agree that Indigenous peoples are under-represented as workers in the health care system, and Indigenous peoples have historically experienced barriers to accessing health care services. Addressing the under-representation of Indigenous peoples in the health sector workforce is a critical strategy to ensure cultural safety within the health care system for both workers and patients/residents/clients/service users. To that end, the parties will actively support employment equity programs to promote the hiring of Indigenous workers into the health care system, and to increase Indigenous representation within the HSPBA bargaining unit.
2. To support the recruitment and retention of Indigenous workers, and to improve the care of Indigenous patients/residents/clients/service users across the health care system, the parties recognize that Employers may select an Indigenous candidate, even where they are not the most senior qualified candidate, when one or more of the following circumstances exist:
 - the Employer has identified a position that provides care or services to Indigenous communities or Indigenous patients/residents/clients/service users and requires the cultural expertise or knowledge of Indigenous peoples, communities and/or nations;
 - where commitments to hire Indigenous peoples with external funding for programs have to be met; and/or
 - where the Employer has identified it is desirable to hire Indigenous peoples into leadership or mentorship roles.
3. The parties agree that there may be new or existing positions that require lived experience, or knowledge of Indigenous peoples, communities and/or nations. In such cases, the Employer has the management right to require such qualifications on the job description.
4. Further to the circumstances identified in paragraphs 2 and 3, in the absence of fully qualified applicants for a posted position, the Employer may choose to hire an Indigenous candidate who does not possess all required qualifications for the position but would become job ready through Employer-provided training, orientation or mentoring.

Re: Provincial Indigenous Specific Anti – Racism “ISAR” Committee

The parties acknowledge the pervasive and ongoing harms of colonialism faced by Indigenous peoples. These harms include the widespread systemic racism against Indigenous peoples in BC’s health system, as highlighted in the 2020 In Plain Sight report.

The parties agree to uphold the United Nations Declaration on the Rights of Indigenous Peoples, which has been brought into the laws of British Columbia under the *Declaration on the Rights of Indigenous Peoples Act*, SBC 2019, c 44.

The parties commit to working together to address the ongoing harms of colonialism and racism faced by Indigenous patients, clients, residents, service users, health care staff and providers, including by:

- committing to reconciliation in health care by supporting comprehensive, system-wide changes that enable Indigenous-specific anti-racism, and cultural safety;
- working together to actively identify, address and rectify barriers in Collective Agreements; and
- working to increase the representation of Indigenous individuals in the healthcare workforce.

The parties acknowledge that a coordinated and integrated provincial and sector-wide approach is crucial to further these joint commitments to eliminate Indigenous-specific racism and to create a culturally safe health care system.

To date, and in furtherance of recommendation no. 19 of the In Plain Sight report, Ministry of Health has partnered with the National Collaborating Centre for Indigenous Health (NCCIH), housed at University of Northern BC, to build a collection of anti-racism, cultural safety and trauma-informed standards, policy, tools and resources for health care organizations, including developing new tools and resources specific to BC.

Accordingly, building on the work underway, the parties support the creation of a provincial forum, led by the Indigenous Health branch of the Ministry of Health, that will include representatives from HEABC, health authority Vice Presidents of Indigenous Health and other leaders, representatives of other HEABC members, and health sector bargaining associations to engage in collaborative discussions that will inform the work moving forward and best position the parties in future rounds of collective bargaining (the “Forum”). Ministry of Health may also invite representatives from other relevant groups identified by the Ministry of Health, including

Indigenous elders or knowledge keepers, to participate in the Forum from time to time or on an ongoing basis.

By (date), Ministry of Health will establish the Forum and present the Terms of Reference that will set out the purpose:

to create a Forum for health authority Indigenous leaders and other leaders, and representatives of other HEABC members and unions to have continuing dialogue on the commitments stated above. The parties may use the Forum to present their ongoing or developing organizational initiatives, including the implementation of the Cultural Safety and Humility Standard, complaints processes, education, and training to eliminate Indigenous-specific racism and to hardwire cultural safety and humility into the workplace;

- to discuss ways to leverage resources being developed by NCCIH and Ministry of Health, as well as raising awareness of the wealth of resources within the health system now, including the repository of work housed with the NCCIH and resources already developed by health authorities;
- to discuss ways to address recruitment and retention of Indigenous staff, which may include developing recommendations for changes to Collective Agreement language in the next round of collective bargaining;
- to provide an opportunity for Ministry of Health to solicit feedback and report out on ongoing provincial initiatives, including continuing implementation of the In Plain Sight recommendations and the phased roll-out of the *Anti-Racism Data Act*, SBC 2022, c.18; and
- to improve awareness of and compliance with the *Declaration on the Rights of Indigenous Peoples Act*, SBC 2019, c 44.

It is understood that the Forum should serve all interested parties in the provincial health care sector, not only the Health Sciences Professionals. To that end, the parties will make all reasonable efforts to promote participation in the Forum on a provincial and sector-wide basis.

The Ministry of Health shall hold the Forum quarterly, or more frequently as deemed necessary.

**Re: Joint Provincial Health Human Resources Coordination Centre (PHHRCC) –
Bargaining Association Consultation Forum**

Social, environmental, demographic, and economic factors are increasing the demand for healthcare within British Columbia. To deliver the required services a skilled and engaged workforce is required. That workforce is integral to a robust, accessible public system with the ability to rapidly respond to key challenges.

The past few years have been a time of unprecedented change and challenge for B.C.’s health workforce. It is important for the system to have a coordinated approach to identify important themes, address challenges, and build upon existing resources to create a sustainable, equitable, and effective healthcare system.

To effectively deliver on this work the Ministry of Health has established a new Provincial Health Human Resources Coordination Centre (PHHRCC) with membership from the Ministry of Health, Health Sector Workforce and Beneficiary Services Division, regional health authorities, the Provincial Health Services Authority, the Health Employers Association of B.C., and the First Nations Health Authority. The PHHRCC reports to Leadership Council.

The PHHRCC is intended to bring significant focus, attention and discipline to key provincial-level human resource planning activities and initiatives. It will identify strategic actions, develop implementation plans for key approaches, and provide governance, oversight and monitoring of the implementation of these plans. The PHHRCC will look at both intermediate and long-term strategies and actions, as well as address urgent challenges through immediate action, including a focus on supporting Indigenous workers and supporting development of a culturally safe workplace.

In furtherance of the work of the PHHRCC, the Ministry of Health wishes to create a forum for input from Unions. To that end, on a regular basis the Ministry will convene a joint PHHRCC – Bargaining Association consultation forum for the following purposes:

1. Seek input from the Bargaining Associations on evolution and implementation of the Provincial Health Human Resource (HHR) Strategy.
2. Seek input from the Bargaining Associations on issues facing their members with respect to HHR plans, including a specific focus on supporting equity and diversity in the workforce and advancing the recommendations set out through In Plain Sight.

3. Seek input from the Bargaining Associations on specific initiatives and plans, including a specific focus on strategies or actions to support the retention of the workforce, including mental health and wellness.
4. Consult with the Bargaining Associations on other initiatives that may be considered by PHHRCC.

PHHRCC acknowledges the mutual covenants binding the Parties (HEABC and the HSPBA) through the terms and conditions of the Collective Agreement. When enacting activities and initiatives, PHHRCC shall give recognition to the process for amending these terms and conditions.

By October 15, 2023, the Ministry of Health will convene the Forum and present the Terms of Reference for input prior to finalization by the Ministry.

The Ministry intends for this Forum to serve all interested parties in the provincial health care sector, not only the Health Sciences Professionals. To that end, the Ministry will make efforts to promote participation in the Forum on a provincial and sector-wide basis.

The Ministry of Health shall hold the Forum semi-annually, or more frequently as deemed necessary.

Re: Diversity, Equity and Inclusion Working Group

1. The parties agree that addressing and improving diversity, equity and inclusion (DEI) in the workplace is a priority for the health sector, not only for healthcare staff, but also to better serve patients, clients and residents.
2. The parties have a joint interest in creating safe, inclusive work environments by developing approaches to foster positive spaces, identifying and making efforts to remove barriers to individuals of under-represented groups, and making recommendations to employers and employees to further diversity, equity and inclusion in the workplace.
3. Accordingly, within 120 days of ratification the parties will establish a coordinated and integrated provincial and sector-wide Diversity, Equity and Inclusion Working Group (the “Working Group”).
4. The Working Group will be established by Provincial Health Human Resources Coordination Centre (PHHRCC) and will include representatives from health authorities, other HEABC member representatives, and health sector bargaining associations.
5. The Working Group may invite subject matter experts and other relevant government ministries to attend as guests and to participate in conversations as needed.
6. The Working Group will meet quarterly (or as otherwise agreed) and will complete their work prior to March 31, 2025.
7. The Working Group’s focus will be the advancement of diversity, equity and inclusion in health care workplaces and the Working Group will:
 - Develop terms of reference;
 - Engage and consult stakeholders as required;
 - Gather all necessary data in accordance with applicable privacy legislation in advance of the Working Group’s meetings to inform discussions and actions of the Working Group;
 - Conduct a review and analysis of available relevant data to benchmark the current state of the health care workforce with the intention to identify current gaps in under-represented workers;
 - Support the creation of a safe and discrimination-free workplace through identifying solutions to address barriers to employment and career advancement;
 - Review available data in accordance with applicable privacy legislation;
 - Review existing health authority/Providence Health Care (PHC) DEI programs and actions to identify gaps; and

- Recommend a framework and action plan to improve diversity, equity and inclusion in healthcare workplaces, in concert with existing health authority/PHC work. Recommendations may include:
 - (i) suggestions to the Ministry of Health for the supports and resources necessary to advance DEI initiatives and foster inclusive environments; and
 - (ii) suggestions to the Ministry of Health or health authorities/PHC on employee DEI training, which may include anti-racism training, gender and sexual diversity training, anti-harassment training, and disability awareness training.

8. The Working Group will make recommendations to PHHRCC.

9. The parties will work co-operatively to implement and promote the framework and action plan if the recommendations are adopted by the Ministry of Health and the health authorities/PHC.

Re: Gender Diversity & Inclusion

General Inclusion & Gender-Affirming Support

The parties agree to the following:

1. The parties agree that two-spirit, gender-diverse and transgender people have experienced and continue to experience barriers to respect, representation and safety in the workforce. Addressing these concerns in the health sector workforce is a critical strategy to ensure equity and inclusion within the health care system for both workers and patients/ residents/ clients/ service users. To that end, the parties will actively engage in creating workplaces that are inclusive of gender diversity which may include policies and practices with a gender inclusive lens, gender-affirming leave(s), and workspaces for gender-diverse individuals and ongoing educational resources and supports.
2. The parties will work together to protect the job security, privacy, and safety of transgender, gender diverse, and two-spirit workers at all times in accordance with the Collective Agreement and legislation.
3. Upon an employee’s request, the Employer will work with the employee (and the Union, if requested) to prepare a gender-affirming support plan that is respectful, employee-centered, and tailored to the employee’s particular needs, including how and if any name or pronoun changes will be communicated.
4. Employees may request that the Employer correct their personal information, such as name and gender changes, directories, and workplace documents. This may include but not be limited to seniority lists, nametags, employee IDs, email addresses, organizational charts, and schedules. Employers will correct personal information pursuant to applicable privacy law.
5. Gender-identity and expression is identified as a type of Human Rights Code discrimination. Gender-based discrimination can happen at the workplace or online and includes but is not limited to intentional:
 - Deadnaming (using employee’s former name);
 - Misgendering (referring to someone using a word or pronoun that does not reflect their gender); and/or
 - Doxxing (sharing personal information, including old photos or medical information for the purpose of harassment or online mobbing).

This MOA is not intended to limit the work of the DEI Working Group in advancing gender diverse inclusion in the workplace.

Extended Health Benefits Plan

Upon ratification, the Parties will make a joint request to the JHSBT to:

- (a) Expedite a review of the extended health benefits plan to determine gaps in gender affirming care, including coverage for transition related expenses such as: reconstructive surgery, wigs, binders, gaffs, electrolysis and hair removal, prosthesis, hormone therapy, silicon/saline implants, special bras for prosthesis, voice classes, mental health and other specialized counselling, and medical-related travel expenses;
- (b) Amend the plan with coverage for the costs of gender-affirming care not currently provided at their discretion; and
- (c) Report out to the parties, Employers and employees on any plan design changes.

Gender-Affirming Medical Leave

The Employer will grant an employee a cumulative total of up to eight (8) weeks of leave with pay for medical procedures and revisions. Additional paid or unpaid leave may be provided through collective agreement leave provisions.

Bathrooms/Changerooms

A worker may use the bathroom/changeroom of their lived gender regardless of whether or not they have sought or completed surgeries or completed a legal name or gender change. Employers will:

- (a) Ensure single occupant bathrooms/changerooms (where they exist) on their worksite premises are accessible by employees of any gender expression or identity by ensuring there is signage welcoming all genders and confirm this to the HSPBA within six (6) months of ratification; and
- (b) Post signage in all bathroom/changeroom facilities about diverse genders being welcome in these spaces.
